BUDGET

The Governing Board recognizes its critical responsibility for adopting a sound budget for each fiscal year which is aligned with the district's vision, goals, priorities, local control and accountability plan (LCAP), and other comprehensive plans. The district budget shall guide decisions and actions throughout the year and shall serve as a tool for monitoring the fiscal health of the district.

(cf. 0000 - Vision)
(cf. 0200 - Goals for the School District)
(cf. 0400 - Comprehensive Plans)
(cf. 0460 - Local Control and Accountability Plan)
(cf. 3300 - Expenditures and Purchases)
(cf. 3460 - Financial Reports and Accountability)
(cf. 9000 - Role of the Board)

The district budget shall show a complete plan and itemized statement of all proposed expenditures and all estimated revenues for the following fiscal year, together with a comparison of revenues and expenditures for the current fiscal year. The budget shall also include the appropriations limit and the total annual appropriations subject to limitation as determined pursuant to Government Code 7900-7914. (Education Code 42122)

Budget Development and Adoption Process

In order to provide guidance in the development of the budget, the Board shall annually establish budget priorities based on identified district needs and goals and on realistic projections of available funds.

The Superintendent or designee shall oversee the preparation of a proposed district budget for approval by the Board and shall involve appropriate staff in the development of budget projections.

The Board shall hold a public hearing on the proposed budget in accordance with Education Code 42103 and 42127.

(cf. 9320 - Meetings and Notices)
(cf. 9322 - Agenda/Meeting Materials)
(cf. 9323 - Meeting Conduct)

The Board shall adopt the district budget on or before July 1 of each year. (Education Code 42127)

At a public meeting held on a date after the public hearing on the budget, the Board shall adopt the budget following its adoption of the LCAP or an annual update to the LCAP at the same meeting. The budget shall include the expenditures necessary to implement the LCAP or the annual update to the LCAP. (Education Code 42127)

BUDGET (continued)

The budget that is formally adopted by the Board shall adhere to the state's Standardized Account Code Structure as prescribed by the Superintendent of Public Instruction. (Education Code 42126, 42127)

The Superintendent or designee may supplement this format with additional information as necessary to effectively communicate the budget to the Board, staff, and public.

No later than five days after the Board adopts the district budget or by July 1, whichever occurs first, the Board shall file with the County Superintendent of Schools the adopted district budget and supporting data. The budget and supporting data shall be maintained and made available for public review. (Education Code 42127)

(cf. 1340 - Access to District Records)

If the County Superintendent disapproves or conditionally approves the district's budget, the Board shall review and respond to his/her recommendations at a public meeting on or before September 8. The response shall include any revisions to the adopted budget and any other proposed actions to be taken as a result of those recommendations. (Education Code 42127)

Budget Advisory Committee

The Superintendent or designee may appoint a budget advisory committee composed of staff, Board representatives, and/or members of the community.

If appointed, the committee shall develop recommendations during the budget development process and its duties shall be assigned each year based on district needs. All recommendations of the committee shall be advisory only and shall not be binding on the Board or the Superintendent or designee.

(cf. 2230 - Representative and Deliberative Groups)

(cf. 3350 - Travel Expenses)

(cf. 9130 - Board Committees)

(cf. 9140 - Board Representatives)

Budget Criteria and Standards

The Superintendent or designee shall develop a district budget in accordance with state criteria and standards specified in 5 CCR 15440-15450 as they relate to projections of average daily attendance (ADA), enrollment, ratio of ADA to enrollment, local control funding formula revenue, salaries and benefits, other revenues and expenditures, facilities maintenance, deficit spending, unrestricted general fund balance, and reserves. In addition, he/she shall provide the supplemental information specified in 5 CCR 15451 which addresses

BUDGET (continued)

the methodology and budget assumptions used, contingent liabilities, use of one-time revenues for ongoing expenditures, use of ongoing revenues for one-time expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, status of collective bargaining agreements, the LCAP, and LCAP expenditures. (Education Code 33128, 33128.3, 33129, 42127.01; 5 CCR 15440-15451)

The district budget shall provide for increasing or improving services for unduplicated students at least in proportion to the increase in funds apportioned on the basis of the number and concentration of unduplicated students. Unduplicated students are students who are eligible for free or reduced-price meals, English learners, and/or foster youth. (Education Code 42238.07; 5 CCR 15496)

(cf. 3553 - Free and Reduced Price Meals)

(cf. 6173.1 - Education for Foster Youth)

(cf. 6174 - Education for English Language Learners)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated increases and/or decreases in the cost of services and supplies, program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

(cf. 2210 - Administrative Discretion Regarding Board Policy)

(cf. 3110 - Transfer of Funds)

Fund Balance

The district shall classify fund balances in compliance with Governmental Accounting Standards Board (GASB) Statement 54, as follows:

1. Nonspendable fund balance includes amounts that are not expected to be converted to cash, such as resources that are not in a spendable form (e.g., inventories and prepaids) or that are legally or contractually required to be maintained intact.
2. Restricted fund balance includes amounts constrained to specific purposes by their providers or by law.
3. Committed fund balance includes amounts constrained to specific purposes by the Board.

For this purpose, all commitments of funds shall be approved by a majority vote of the Board. The constraints shall be imposed no later than the end of the reporting period (June 30), although the actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements.

BUDGET (continued)

4. Assigned fund balance includes amounts which are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed.

The Board delegates authority to assign funds to the assigned fund balance to the Superintendent and authorizes the assignment of such funds to be made any time prior to the issuance of the financial statements. The Superintendent may further delegate the authority to assign funds at his/her discretion.

5. Unassigned fund balance includes amounts that are available for any purpose.

When multiple types of funds are available for an expenditure, the district shall first utilize funds from the restricted fund balance as appropriate, then from the committed fund balance, then from the assigned fund balance, and lastly from the unassigned fund balance.

The Board intends to maintain a minimum assigned and unassigned fund balance in an amount the Board deems sufficient to maintain fiscal solvency and stability and to protect the district against unforeseen circumstances.

If the assigned and unassigned fund balance falls below the level set by the Board due to an emergency situation, unexpected expenditures, or revenue shortfalls, the Board shall develop a plan to recover the fund balance which may include dedicating new unrestricted revenues, reducing expenditures, and/or increasing revenues or pursuing other funding sources.

Long-Term Financial Obligations

The district's current-year budget and multiyear projections shall include adequate provisions for addressing the district's long-term financial obligations, including, but not limited to, long-term obligations resulting from collective bargaining agreements, financing of facilities projects, unfunded or future liability for retiree benefits, and accrued workers' compensation claims.

(cf. 4141/4241 - Collective Bargaining Agreement)

(cf. 4154/4254/4354 - Health and Welfare Benefits)

(cf. 7210 - Facilities Financing)

(cf. 9250 - Remuneration, Reimbursement and Other Benefits)

The Board shall approve a plan for meeting the district's long-term obligations to fund nonpension, other postemployment benefits (OPEBs). This plan shall include a specific funding strategy and the method that will be used to finance the district's annual fiscal obligations for such benefits in a manner that continually reduces the deficit to the district to the extent possible. The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

BUDGET (continued)

When the Superintendent or designee presents a report to the Board on the estimated accrued but unfunded cost of OPEBs, the Board shall disclose, as a separate agenda item at the same meeting, whether or not it will reserve a sufficient amount of money in its budget to fund the present value of the benefits of existing retirees and/or the future cost of employees who are eligible for benefits in the current fiscal year. (Education Code 42140)

When the Superintendent or designee presents a report to the Board on the estimated accrued but unfunded cost of workers' compensation claims, the Board shall disclose, as a separate agenda item at the same meeting, whether or not it will reserve in the budget sufficient amounts to fund the present value of accrued but unfunded workers' compensation claims or if it is otherwise decreasing the amount in its workers' compensation reserve fund. The Board shall annually certify to the County Superintendent the amount, if any, that it has decided to reserve in the budget for these costs. The Board shall submit to the County Superintendent any budget revisions that may be necessary to account for this budget reserve. (Education Code 42141)

Budget Amendments

Whenever revenues and expenditures change significantly throughout the year, the Superintendent or designee shall recommend budget amendments to ensure accurate projections of the district's net ending balance. When final figures for the prior-year budget are available, this information shall be used as soon as possible to update the current-year budget's beginning balance and projected revenues and expenditures.

In addition, budget amendments shall be submitted for Board approval as necessary when collective bargaining agreements are accepted, district income declines, increased revenues or unanticipated savings are made available to the district, program proposals are significantly different from those approved during budget adoption, interfund transfers are needed to meet actual program expenditures, and/or other significant changes occur that impact budget projections.

TRANSFER OF FUNDS

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009) and ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), Education Code 42605 grants district flexibility in "Tier 3" categorical programs. The Trona Joint Unified School District has accepted this flexibility and thus is deemed in compliance with the statutory or regulatory program and funding requirements for these programs for the 2008-2009 through 2012-2013 fiscal years. As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

The Governing Board recognizes its responsibility to monitor the district's fiscal practices to ensure accountability regarding the expenditure of public funds and compliance with legal requirements.

(cf. 3100 - Budget)

(cf. 3400 - Management of District Assets/Accounts)

The Board may transfer funds during or at the end of the fiscal year in accordance with law as necessary to meet district needs or to permit the payment of district obligations. (Education Code 16095, 17582-17592, 42600-42603, 42605, 42841-42843, 52616.4)

Tier 3 Categorical Flexibility

From the 2008-09 through 2012-13 fiscal years, the Board has determined that it is in the best interest of the district to utilize the categorical program flexibility authorized by Education Code 42605. Funds received for programs identified by law as Tier 3 categoricals may be expended for any educational purpose.

The Board shall hold a public hearing to take testimony from the public, discuss, and approve or disapprove the proposed use of the funding, and shall make explicit for each of the categorical budget items the purposes for which the funds will be used. (Education Code 42605)

The Superintendent or designee shall regularly report to the Board regarding how the district is exercising the flexibility and whether the desired results are being achieved. He/she shall also complete any necessary reports required by the California Department of Education.

SALE AND DISPOSAL OF BOOKS, EQUIPMENT AND SUPPLIES

Personal Property

The district may sell surplus or obsolete district-owned personal property through any of the following methods:

1. The Superintendent or designee may advertise for bids by posting a notice in at least three public places in the district for at least two weeks, or by publishing a notice at least once a week for at least two weeks in a newspaper having a general circulation in the district and, if possible, publishing within the district. The district shall sell the property to the highest responsible bidder or shall reject all bids. (Education Code 17545)

Property for which no qualified bid has been received may be sold, without further advertising, by the Superintendent or designee. (Education Code 17546)

(cf. 3311 - Bids)

2. The property may be sold by means of a public auction conducted by district employees, employees of other public agencies, or by contract with a private auction firm. Notice related to the auction shall be posted or published as described in item #1 above. (Education Code 17545)
3. The district may sell the property without advertising for bids under any of the following conditions:
 - a. The Governing Board members attending a meeting unanimously agree that the property, whether one or more items, does not exceed \$2,500 in value. (Education Code 17546)

(cf. 9323.2 - Actions by the Board)

- b. The district sells the property to agencies of federal, state, or local government, to any other school district, or to any agency eligible under the federal surplus property law (40 USC 484 renumbered 40 USC 549) and the sale price equals the cost of the property plus the estimated cost of purchasing, storing, and handling. (Education Code 17540)
- c. The district sells or leases the property to agencies of the federal, state, or local government or to any other school district and the price and terms of the sale or lease are fixed by the Board and approved by the County Superintendent of Schools. (Education Code 17542)

SALE AND DISPOSAL OF BOOKS, EQUIPMENT AND SUPPLIES (continued)

If the Board members attending a meeting unanimously find that the value of the property is insufficient to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the Board or may be disposed of by dumping. (Education Code 17546)

Money received from the sale of surplus property shall be either deposited in the district reserve or general fund or credited to the fund from which the original purchase was made. (Education Code 17547)

Instructional Materials

Surplus or undistributed obsolete instructional materials that are usable for educational purposes may be sold by the district, in which case all of the proceeds of the sale shall be available to acquire basic instructional materials, supplemental instructional materials, or technology-based materials. (Education Code 60510, 60510.1, 60521)

(cf. 0440 - District Technology Plan)
(cf. 6161 - Equipment, Books and Materials)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)
(cf. 6161.11 - Supplementary Instructional Materials)
(cf. 6163.1 - Library Media Centers)

Such materials also may be donated to another district, county free library, or other state institution; a United States public agency or institution; a nonprofit charitable organization; or children or adults in California or foreign countries for the purpose of increasing the general literacy of the people. Any organization, agency, or institution receiving obsolete instructional materials donated by the district shall certify to the Board that it agrees to make no charge to any persons to whom it gives or lends these materials. (Education Code 60510, 60511)

At least 60 days before selling or donating surplus or obsolete instructional materials, the Superintendent or designee shall notify the public of the district's intention to do so through a public service announcement on a local television station, in a local newspaper, or by another means he/she believes will most effectively reach the entities described above. The Board shall also permit representatives of these entities and members of the public to address the Board regarding the distribution of these materials.

(cf. 9323 - Meeting Conduct)

Surplus or undistributed obsolete instructional materials which are unusable or which cannot be distributed as specified above may be disposed of by either of the following: (Education Code 60530)

1. Mutilated so as not to be salable and sold for scrap at the highest obtainable price
AR 3270(c)

SALE AND DISPOSAL OF BOOKS, EQUIPMENT AND SUPPLIES (continued)

2. Destroyed by any economical means, provided that the materials are not destroyed until at least 30 days after the district has given notice to all persons who have filed a request for such notice

(cf. 3510 - Green School Operations)

(cf. 3511.1 - Integrated Waste Management)

Replacement of School Buses

Upon receiving a state apportionment for the replacement of a school bus, the Board may sell the bus that is being replaced to another California school district if the following conditions are met: (Education Code 42303)

1. The other district is replacing a bus that is in service and has not been designated a temporary school bus pursuant to Education Code 42291.5.
2. The bus being replaced by the other district is older than the bus that is being sold by this district.
3. The bus being replaced by the other district is not sold to a third school district.
4. The other district, by Board resolution, holds the state and this district harmless for any liability that may result from the bus that this district is selling.
5. The proceeds from the sale of the bus shall be used by this district for home-to-school transportation purposes.

(cf. 3540 - Transportation)

6. Before the sale is finalized, the bus being sold is in compliance with all relevant provisions of the Vehicle Code and Title 13 of the California Code of Regulations.

GIFTS, GRANTS AND BEQUESTS

The Governing Board may accept any bequest or gift of money or property on behalf of the district. While greatly appreciating suitable donations, the Board discourages any gifts which may directly or indirectly impair its commitment to providing equal educational opportunities for all district students.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Before accepting a gift, the Board shall consider whether the gift:

1. Has a purpose consistent with the district's vision and philosophy
2. Begins a program which the Board would be unable to continue when the donated funds are exhausted
3. Entails undesirable or excessive costs
4. Implies endorsement of any business or product

(cf. 1325 - Advertising and Promotion)

The Board shall carefully evaluate any conditions or restrictions imposed by the donor in light of district philosophy and operations. If the Board feels the district will be unable to fully satisfy the donor's conditions, the gift shall not be accepted.

Gift books and instructional materials shall be accepted only if they meet regular district criteria.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

All gifts, grants and bequests shall become district property. Donors are encouraged to donate all gifts to the district rather than to a particular school. At the Superintendent or designee's discretion, a gift may be used at a particular school.

The district shall seek competitive bids through advertisement for contracts involving an expenditure of \$15,000 or more for a public project. *Public project* means construction, reconstruction, erection, alteration, renovation, improvement, painting, repainting, demolition, and repair work involving a district owned, leased, or operated facility. (Public Contract Code 20111, 22002)

The district shall also seek competitive bids through advertisement for contracts exceeding the amount specified in law, and as annually adjusted by the Superintendent of Public Instruction, for any of the following: (Government Code 53060; Public Contract Code 20111)

1. The purchase of equipment, materials, or supplies to be furnished, sold, or leased to the district
2. Services, not including construction services or special services and advice in accounting, financial, legal, or administrative matters
3. Repairs, including maintenance that is not a public project

Maintenance means routine, recurring, and usual work for preserving, protecting, and keeping a district facility operating in a safe, efficient, and continually usable condition for the intended purpose for which it was designed, improved, constructed, altered, or repaired. *Maintenance* includes, but is not limited to, carpentry, electrical, plumbing, glazing, and other craft work designed to preserve the facility, as well as repairs, cleaning, and other operations on machinery and other permanently attached equipment. This definition does not include, among other types of work, janitorial or custodial services and protection provided by security forces, nor does it include painting, repainting, or decorating other than touchup. (Public Contract Code 20115)

Unless otherwise authorized by law, contracts shall be let to the lowest responsible bidder who shall give such security as the Governing Board requires, or else all bids shall be rejected. (Public Contract Code 20111)

When letting a contract for the procurement and/or maintenance of electronic data processing systems and supporting software, the Board may contract with any one of the three lowest responsible bidders. (Public Contract Code 20118.1)

The Board shall secure bids pursuant to Public Contract Code 20111 and 20112 for any transportation service expenditure of more than \$10,000 when contemplating that such a contract may be made with a person or corporation other than a common carrier, municipally

owned transit system, or a parent/guardian of students who are to be transported. The Board may let this contract to other than the lowest bidder. (Education Code 39802)

AR 3311(b)

BIDS (continued)

No work, project, service, or purchase shall be split or separated into smaller work orders or projects for the purpose of evading the legal requirements of Public Contract Code 20111-20118.4 for contracting after competitive bidding. (Public Contract Code 20116)

Instructions and Procedures for Advertised Bids

The Superintendent or designee shall call for bids by placing a notice at least once a week for two weeks in a local newspaper of general circulation published in the district, or if no such newspaper exists, then in some newspaper of general circulation circulated in the county. The Superintendent or designee also may post the notice on the district's web site or through an electronic portal. The notice shall state the work to be done or materials or supplies to be furnished and the time and place and web site where bids will be opened. The district may accept a bid that has been submitted electronically or on paper. (Public Contract Code 20112)

The notice shall contain the time, date, and location of any mandatory prebid conference, site visit, or meeting. The notice shall also detail when and where project documents, including final plan and specifications, are available. Any such mandatory visit or meeting shall not occur within a minimum of five calendar days of the publication of the initial notice. (Public Contract Code 6610)

Bid instructions and specifications shall include the following requirements and information:

1. All bidders shall certify the minimum, if not exact, percentage of post-consumer materials in products, materials, goods, or supplies offered or sold. (Public Contract Code 22152)

(cf. 3510 - Green School Operations)

2. All bids for construction work shall be presented under sealed cover and shall be accompanied by one of the following forms of bidder's security: (Public Contract Code 20107, 20111)
 - a. Cash
 - b. A cashier's check made payable to the district
 - c. A certified check made payable to the district
 - d. A bidder's bond executed by an admitted surety insurer and made payable to the district

BIDS (continued)

- The security of unsuccessful bidders shall be returned in a reasonable period of time, but in no event later than 60 days after the bid is awarded. (Public Contract Code 20111)
3. When a standardized proposal form is provided by the district, bids not presented on the standard form shall be disregarded. (Public Contract Code 20111.5)
 4. Bids shall not be accepted after the advertised bid opening time, regardless of whether the bids are actually opened at that time. (Public Contract Code 20112)
 5. When two or more identical lowest or highest bids are received, the Board may determine by lot which bid shall be accepted. (Public Contract Code 20117)
 6. If the district requires that the bid include prices for items that may be added to or deducted from the scope of work in the contract, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid. In the absence of such a specification, only the method provided in item #a below shall be used. (Public Contract Code 20103.8)
 - a. The lowest bid shall be the lowest total of the bid prices on the base contract without consideration of the prices on the additive or deductive items.
 - b. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price.
 - c. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that, when taken in order from a specifically identified list of those items in the solicitation, and added to or subtracted from the base contract, are less than or equal to a funding amount publicly disclosed by the district before the first bid is opened.
- The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders or proposed subcontractors or suppliers from being revealed to the district before the ranking of all bidders from lowest to highest has been determined. (Public Contract Code 20103.8)
7. Any subsequent change or alteration of a contract shall be governed by the provisions of Public Contract Code 20118.4.

BIDS (continued)

8. After being opened, all submitted bids become public records pursuant to Government Code 6252 and shall be made available for review pursuant to law, Board policy, and administrative regulation.

(cf. 1340 - Access to District Records)

Alternative Bid Procedures for Technological Supplies and Equipment

Rather than seek competitive bids, the Board may use competitive negotiation when it makes a finding that a district procurement is for computers, software, telecommunications equipment, microwave equipment, or other related electronic equipment and apparatus. Competitive negotiation shall not be used to contract for construction or for the procurement of any product that is available in substantial quantities to the general public. (Public Contract Code 20118.2)

The competitive negotiation process shall include, but not be limited to, the following requirements: (Public Contract Code 20118.2)

1. The Superintendent or designee shall prepare a request for proposals (RFP) that shall be submitted to an adequate number of qualified sources, as determined by the district, to permit reasonable competition consistent with the nature and requirement of the procurement.
2. Notice of the RFP shall be published at least twice in a newspaper of general circulation, at least 10 days before the date for receipt of the proposals.
3. The Superintendent or designee shall make every effort to generate the maximum feasible number of proposals from qualified sources and shall make a finding to that effect before proceeding to negotiate if only a single response to the RFP is received.
4. The RFP shall identify all significant evaluation factors, including price, and their relative importance.
5. The Superintendent or designee shall provide reasonable procedures for the technical evaluation of the RFPs received, the identification of qualified sources, and the selection for the award of the contract.
6. The Board shall award the contract to the qualified bidder whose proposal meets the evaluation standards and will be most advantageous to the district with price and all other factors considered.

BIDS (continued)

7. If the Board does not award the contract to the bidder whose proposal contains the lowest price, then the Board shall make a finding setting forth the basis for the award.
8. The Board, at its discretion, may reject all proposals and request new RFPs.
9. Provisions in any contract concerning utilization of small business enterprises that are in accordance with the RFP shall not be subject to negotiation with the successful proposer.

Bids Not Required

Without advertising for bids and upon a determination that it is in the best interest of the district, the Board may authorize by contract, lease, requisition, or purchase order, another public corporation or agency to lease data-processing equipment or to purchase materials, supplies, equipment, automotive vehicles, tractors, and other personal property for the district in the manner that the other public corporation or agency is authorized to make the leases or purchases from a vendor ("piggyback"). (Public Contract Code 20118)

(cf. 3300 - Expenditures and Purchases)

Alternatively, if there is an existing contract between a public corporation or agency and a vendor for the lease or purchase of personal property, the district may authorize the lease or purchase of personal property directly from the vendor by contract, lease, requisition, or purchase order and make payment to the vendor under the same terms that are available to the public corporation or agency under the contract. (Public Contract Code 20118)

Supplementary textbooks, library books, educational films, audiovisual materials, test materials, workbooks, instructional computer software packages, or periodicals may be purchased in any amount without taking estimates or advertising for bids. (Public Contract Code 20118.3)

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

(cf. 6161.11 - Supplementary Instructional Materials)

(cf. 6163.1 - Library Media Centers)

Perishable commodities, such as foodstuffs, needed in the operations of cafeterias may be purchased through bid or on the open market. (Education Code 38083)

(cf. 3551 - Food Service Operations/Cafeteria Fund)

In an emergency when any repairs, alterations, work, or improvement to any school facility is necessary to permit the continuance of existing school classes or to avoid danger to life or

property, the Board may, by unanimous vote and with the approval of the County

BIDS (continued)

Superintendent of Schools, contract for labor and materials or supplies without advertising for or inviting bids or may authorize the use of day labor or force account for the emergency purpose. (Public Contract Code 20113)

(cf. 3517 - Facilities Inspection)
(cf. 9323.2 - Actions by the Board)

Bids shall also not be required for day labor under circumstances specified in Public Contract Code 20114. Day labor shall include the use of maintenance personnel employed on a permanent or temporary basis. (Public Contract Code 20114)

Sole Sourcing

In any contract for the construction, alteration, or repair of school facilities, the Superintendent or designee shall not draft the bid specification in a manner that, either directly or indirectly, limits bidding to any one specific concern or calls for a designated material, product, thing, or service by a specific brand or trade name, unless the specification designating the specific material, product, thing, or particular brand name is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service. In such cases, the bid specification shall provide a time period, before and/or after the award of the contract, for the contractor to submit data substantiating the request for substituting the designated material, product, thing, or service. If no such time period is specified, the contractor may submit the data within 35 days after the award of the contract. (Public Contract Code 3400)

Prequalification Procedure

For any contract for which bids are legally required, the Board may require that each prospective bidder complete and submit a standardized questionnaire and financial statement. For this purpose, the Superintendent or designee shall supply a form which requires a complete statement of the bidder's financial ability and experience in performing public works. The information shall be verified under oath in the manner in which civil law pleadings are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection. (Public Contract Code 20111.5)

Prospective bidders shall submit the questionnaire and financial statement at least five days before the date fixed for public opening of sealed bids. (Public Contract Code 20111.5)

The Superintendent or designee shall establish a uniform system for rating bidders on the basis of completed questionnaires and financial statements in order to determine the size of contracts on which each bidder is qualified to bid. Bidders must be deemed prequalified by

the district at least one day before the fixed bid-opening date. (Public Contract Code 20111.5)

AR 3311(g)

BIDS (continued)

The district may establish a procedure for prequalifying bidders on a quarterly basis and may authorize that prequalification be considered valid for up to one calendar year following the date of the initial prequalification. (Public Contract Code 20111.5)

Protests by Bidders

A bidder may protest a bid award if he/she believes that the award is inconsistent with Board policy, the bid's specifications, or is not in compliance with law. A protest must be filed in writing with the Superintendent or designee within five working days after receipt of notification of the contract award. The bidder shall submit all documents supporting or justifying the protest. A bidder's failure to file the protest documents in a timely manner shall constitute a waiver of his/her right to protest the award of the contract.

The Superintendent or designee shall review the documents submitted with the bidder's claims and render a decision in writing within 30 working days. The Superintendent or designee may also convene a meeting with the bidder in order to attempt to resolve the problem.

The bidder may appeal the Superintendent or designee's decision to the Board. The Superintendent or designee shall provide reasonable notice to the bidder of the time for Board consideration of the protest. The Board's decision shall be final.

If a claim is found insufficient or not to satisfy the form requirements under Government Code 910 and 910.2, the Board or its designee shall, within 20 days of receipt of the claim, personally deliver or mail to the claimant, at the address stated in the claim or application, a notice that states the particular defects or omission in the claim. Such claim and the application to present a late claim shall be presented not later than one year after the accrual of the cause of action. (Government Code 911.4)

If the claim is presented late and is not accompanied by an application to present a late claim, the Board or its designee may, within 45 days, give written notice that the claim was not presented timely and that it is being returned without further action. (Government Code 911.3)

CLAIMS AND ACTIONS AGAINST THE DISTRICT (continued)

The Board shall grant the application to present a late claim where one or more of the following conditions are applicable: (Government Code 911.6)

2. The person who sustained the alleged injury, damage, or loss was a minor during all of the time specified for presentation of the claim.
3. The person who sustained the alleged injury, damage, or loss was physically or mentally incapacitated during all of the time specified for presentation of the claim and the disability was the reason he/she failed to present the claim.

If the application to present a late claim is denied, the claimant shall be given notice in substantially the same form as set forth in Government Code 911.8. (Government Code 911.8)

If the Board does not take action on the application to present a late claim within 45 days, the application shall be deemed to have been denied on the 45th day unless the time period has been extended, in which case it shall be denied on the last day of the period specified in the extension agreement. (Government Code 911.6)

Within 45 days after the presentation or amendment of a claim, the Board shall take action on the claim. This time limit may be extended by written agreement between the district and the claimant before the expiration of the 45-day period. 2. If the Board finds that the claim is a proper charge against the district and is for an amount justly due, the claim shall be allowed.
3. If the Board finds that the claim is a proper charge against the district but is for an amount greater than is justly due, the Board shall either reject the claim or allow it in the amount justly due and reject it as to the balance.
4. If legal liability of the district or the amount justly due is disputed, the Board may reject or compromise the claim.
5. If the Board takes no action on the claim, the claim shall be deemed rejected.

If the Board allows the claim in whole or in part or compromises the claim and the claimant accepts the amount allowed or offered to settle the claim, the Board may require the claimant to accept it in settlement of the entire claim. (Government Code 912.6)

Gann Appropriations Limit Resolution

The Board shall adopt a resolution on or before September 15 of each year to identify, pursuant to Government Code 7900-7914, the estimated appropriations limit for the district for the current fiscal year and the actual appropriations limit of the district during the preceding year. Documentation used to identify these limits shall be made available to the public on the day of the Board meeting. (Education Code 42132; Government Code 7910)

Interim Reports

The reports and supporting data shall be made available by the district for public review. (Education Code 42130)

(cf. 1340 - Access to District Records)

Each interim report shall include an assessment of the district budget as revised to reflect current information regarding the adopted state budget, district property tax revenues, if any, and ending balances for the preceding fiscal year. The report shall be based on criteria and standards adopted by the State Board of Education (SBE) which address fund and cash balances, reserves, deficit spending, estimation of average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected revenue limit, salaries and benefits, other revenues and expenditures, and facilities maintenance. The report shall also provide supplemental information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, temporary interfund borrowings, the status of labor agreements, and the status of other funds. able to meet its financial obligations for the remainder of the fiscal year and, based on current forecasts, for the subsequent fiscal year. The certification shall be classified as one of the following: (Education Code 42130, 42131)

2. "Qualified certification" indicating that the district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years
3. "Negative certification" indicating that the district will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year

The Superintendent or designee shall submit a copy of the interim report and certification to the County Superintendent using the state's SACS software, as prescribed by the SPI. (Education Code 42130, 42131)

Whenever the district receives a qualified or negative certification as determined by the Board or the County Superintendent, the Superintendent or designee shall cooperate in the implementation of any remedial actions taken by the County Superintendent under the authority granted to him/her pursuant to Education Code 42131.

Whenever the County Superintendent conducts a comprehensive review of the district's financial and budgetary conditions after determining that the district's budget does not comply with SBE-adopted criteria and standards for fiscal stability, the Board shall review the County Superintendent's recommendations at a public Board meeting. Within 15 days of receiving the report, the district shall notify the County Superintendent and the SPI of its proposed actions on the recommendations. (Education Code 42637)

INTEGRATED PEST MANAGEMENT

Definition

Integrated Pest Management (IPM) means a strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. Pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment are used only after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds. (Food and Agricultural Code 13181)

Procedures

The Superintendent or designee shall designate a staff person to develop, implement, and coordinate an IPM program that incorporates effective, least toxic pest management practices. The district's program shall include the following elements:

1. Carefully monitoring and identifying the pest population levels and identifying practices that could affect pest populations. Strategies for managing the pest shall be influenced by the pest species and whether that species poses a threat to people, property, or the environment.
2. Setting action threshold levels to determine when pest populations or vegetation at a specific location might cause unacceptable health or economic hazard that would indicate corrective action should be taken.
3. Modifying or eliminating pest habitats to deter pest populations and minimize pest infestations.
4. Considering a full range of possible alternative treatments. Such alternative treatments may include taking no action or controlling the pest by physical, horticultural, or biological methods. Cost or staffing considerations alone will not be adequate justification for use of chemical control agents.
5. Selecting nonchemical pest management methods over chemical methods whenever such methods are effective in providing the desired control or, when it is determined

that chemical methods must be used, giving preference to those chemicals that pose the least hazard to people and the environment.

6. Ensuring that persons applying pesticides follow label precautions and are trained in the principles and practices of IPM.

(cf. 4231 - Staff Development)

AR 3514.2(b)

INTEGRATED PEST MANAGEMENT (continued)

7. Limiting pesticide purchases to amounts needed for the year. Pesticides shall be stored at a secure location that is not accessible to students and unauthorized staff. They shall be stored and disposed of in accordance with state regulations and label directions registered with the U.S. Environmental Protection Agency (EPA) as well as any disposal requirements indicated on the product label.

(cf. 3514.1 - Hazardous Substances)

Prohibited Pesticides

The IPM Coordinator shall not use a pesticide on a school site if that pesticide has been granted a conditional or interim registration or an experimental use permit by the California Department of Pesticide Regulation (DPR) or if the pesticide is subject to an experimental registration issued by the EPA and either of the following conditions exists: (Education Code 17610.1)

1. The pesticide contains a new active ingredient.
2. The pesticide is for new use.

RISK MANAGEMENT/INSURANCE

The Governing Board strongly supports a risk management program that protects district resources and promotes the safety of students, staff and the public.

The Superintendent or designee shall establish a risk management program that uses effective safety and loss control practices. The district shall strive to keep its liability at a minimum and its insurance premiums as low as possible while maintaining adequate protection. To determine the most economical means of insuring the district consistent with required services, the Superintendent or designee shall annually review the district's options for obtaining coverage, including qualified insurance agents, a joint powers agency, self-insurance or a combination of these means.

To attempt to minimize the district's exposure to liability, the Board shall adopt clear policies related to discrimination, harassment, safety procedures, and the timely handling of claims. The Superintendent or designee shall ensure that these policies and related procedures are enforced fairly and consistently.

1. **Open Site:** The site provides meals to all children in the area and is located at a school or nonschool site within the geographical boundaries of a school attendance area where at least 50 percent of the children are eligible for free or reduced-price meals.

(cf. 3553 - Free and Reduced Price Meals)

2. **Restricted Open Site:** The site initially meets the criteria of an "open site," but the district must restrict or limit participation on a first-come, first-served basis due to security, safety, or control concerns.
3. **Closed Enrolled Site:** The site is open only to enrolled children, as opposed to the community at large, and at least 50 percent of the enrolled children at the site are eligible for free or reduced price school meals, as determined by approval of applications in accordance with 7 CFR 225.15(f).

Whenever the district offers the summer meal program at a site that provides summer school sessions, it shall ensure that the site is open to students enrolled in summer school and to all children residing in the area served by the site. (7 CFR 225.14)

(cf. 3555 - Nutrition Program Compliance)

(cf. 6177 - Summer School)

Sites that primarily serve children from migrant families may apply to serve up to three meals, or two meals and one snack, per day. All meals/snacks shall be provided within the time periods specified in 7 CFR 225.16. (42 USC 1761; 7 CFR 225.16)

(cf. 3551 - Food Service Operations/Cafeteria Fund)

2. Persons over age 18 who meet the CDE's definition of having a physical or mental disability and who are participating in a public or nonprofit private school program established for individuals with a disability

(cf. 6164.4 - Identification of Individuals for Special Education)

The Superintendent or designee shall designate a person at each participating site to serve as the program's site supervisor. The site supervisor shall oversee the order or preparation of meals, ensure the site is cleaned before and after the meal, and record the number of complete meals served to eligible children each day.

Additional Requirements for Seamless Summer Feeding Option

All meals offered through the summer meal program shall meet menu planning requirements for the National School Lunch or Breakfast Program pursuant to 7 CFR 210.10 or 7 CFR 220.8. (42 USC 1761)

(cf. 5141.27 - Food Allergies/Special Dietary Needs)

Whenever the district operates an open site as defined in the section entitled "Site Selection" above, the Superintendent or designee shall advertise the availability of summer meal services to the neighborhood community. A large banner or marquee shall be prominently displayed at each site before and during the meal service. Other outreach strategies may include, but are not limited to, sending a news release to the local media, distributing a flyer to parents/guardians of district students, posting information on the district or school web site, and placing posters throughout the community.

(cf. 1100 - Communication with the Public)
(cf. 1112 - Media Relations)
(cf. 1113 - District and School Web Sites)

At the point of service, on-site staff shall count the number of eligible meals served. Reimbursement claims shall be submitted using the same procedure used during the school year for the National School Lunch or Breakfast Program.

Each year the Superintendent or designee shall conduct at least one review of each site to ensure its compliance with meal counting, claiming, menu planning, and food safety requirements. For newly established sites, such reviews shall be conducted within three weeks of the start of operation.

Classification of Records

Records means all records, maps, books, papers, and documents of a school district required by law to be prepared or retained as necessary or convenient to the discharge of official duty. (5 CCR 16020)

(cf. 1340 - Access to District Records)

Before January 1, the Superintendent or designee shall review the prior year's records and shall classify them as either a Class 1 (Permanent), Class 2 (Optional), or Class 3 (Disposable) record. (5 CCR 16022)

Records of continuing nature (active and useful for administrative, legal, fiscal, or other purposes over a period of years) shall not be classified until such usefulness has ceased. (5 CCR 16022)

An inventory of equipment shall be a continuing record and shall not be classified until the inventory is superseded or until the equipment is removed from district ownership. (5 CCR 16022)

(cf. 3440 - Inventories)

A student's cumulative record is a continuing record until the student ceases to be enrolled in the district. (5 CCR 16022)

(cf. 5125 - Student Records)

When an electronic or photographed copy of a Class 1 (Permanent) record has been made, the copy may be classified as Class 1 (Permanent) and the original classified as either Class 2 (Optional) or Class 3 (Disposable). However, no original record that is basic to any required audit may be destroyed prior to the second July 1st succeeding the completion of the audit. (Education Code 35254)

Class 1 - Permanent Records

The original of each of the following records, or one exact copy of it when the original is required by law to be filed with another agency, is a Class 1 (Permanent) record and shall be retained indefinitely unless microfilmed in accordance with 5 CCR 16022: (5 CCR 16023)

In lieu of the detailed records, a complete proven summary payroll record for each employee containing the same data may be classified as Class 1 (Permanent) and the detailed records may then be classified as Class 3 (Disposable).

CONSULTANTS

The Governing Board authorizes the use of consultants to provide expert professional advice or specialized technical or training services which are not needed on a continuing basis and which cannot be provided by district staff because of limitations of time, experience or knowledge. Individuals, firms or organizations employed as consultants may assist management with decisions and/or project development related to financial, economic, accounting, engineering, legal, administrative, instructional or other matters.

As part of the contract process, the Superintendent or designee shall determine, in accordance with Internal Revenue Service guidelines, that the consultant is properly classified as an independent contractor. District employees who perform extra-duty consultant services shall not be retained as independent contractors. They shall be considered employees for all purposes, even if the additional services are not related to their regular duties.

All consultant contracts shall be brought to the Board for approval.

(cf. 3312 - Contracts)

The district shall not contract for consulting services that can be performed without charge by a public agency or official unless these services are unavailable from the public source for reasons beyond the district's control.

All qualified firms or resource persons shall be accorded equal opportunity for consultant contracts regardless of race, creed, color, gender, national or ethnic origin, age or disability.

(cf. 3311 - Bids)
(cf. 3551 - Food Service Operations/Cafeteria Fund)
(cf. 4030 - Nondiscrimination in Employment)

Independent contractors applying for a consultant contract shall submit a written conflict of interest statement disclosing financial interests as determined necessary by the Superintendent or designee, depending on the range of duties to be performed by the consultant. The Superintendent or designee shall consider this statement when deciding whether to recommend the consultant's employment.

(cf. 9270 - Conflict of Interest)

When employees of a public university, county office of education or other public agency serve as consultant or resource persons for the district, they shall certify as part of the consultant agreement that they will not receive salary or remuneration other than vacation pay from any other public agency for the specific days when they work for this district.
