PHYSICAL EDUCATION AND ACTIVITY**Definitions**

Physical education is a sequential educational program that teaches students to understand and participate in regular physical activity for developing and maintaining physical fitness throughout their lifetimes, understand and improve their motor skills, enjoy using their skills and knowledge to establish a healthy lifestyle, and understand how their bodies work.

Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.

Moderate physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, walking briskly, dancing, swimming, or bicycling on level terrain. A person should feel some exertion but should be able to carry on a conversation comfortably during the activity.

Vigorous physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, jogging, participating in high-impact aerobic dancing, swimming continuous laps, or bicycling uphill. Vigorous physical activity may be intense enough to result in a significant increase in heart and respiration rate.

Instructional Time

Instruction in physical education shall be provided for a total period of time of not less than 200 minutes each 10 school days for students in grades 1-6 and not less than 400 minutes each 10 school days for students in grades 7-12. (Education Code 51210, 51222)

(cf. 5125 - Student Records)

The Superintendent or designee shall report the aggregate results of the physical fitness testing in the annual school accountability report card required by Education Code 33126 and 35256. (Education Code 60800)

READING/LANGUAGE ARTS INSTRUCTION

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009) and ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), Education Code 42605 grants district flexibility in "Tier 3" categorical programs. The Trona Joint Unified School District has accepted this flexibility and thus is deemed in compliance with the statutory or regulatory program and funding requirements for these programs for the 2008-2009 through 2012-2013 fiscal years. As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

The Governing Board recognizes that reading and other language arts constitute the basic foundation for learning in other areas of study. Students should develop an appreciation for literature and for reading as a means to acquire knowledge. They also should develop oral and written language skills that enable them to effectively communicate with others.

(cf. 0200 - Goals for the School District)

(cf. 6143 - Courses of Study)

The Board desires to offer a comprehensive, balanced reading/language arts program that ensures all students have the skills necessary to read fluently and for meaning. The program shall integrate reading, writing, speaking, and listening activities in order to build effective communication skills.

For each grade level, the Board shall adopt academic standards in reading, speaking, and writing, including spelling and grammar, that meet or exceed state standards. The district's program also shall be aligned with the state framework for reading/language arts instruction.

(cf. 6011 - Academic Standards)

Teachers are encouraged to use a variety of instructional strategies to accommodate the needs of beginning readers and the varying abilities of more advanced readers.

The Superintendent or designee shall provide professional development opportunities that are designed to provide instructional staff with knowledge about how students develop language skills, the ability to analyze students' developing literacy, and the ability to draw from a variety of instructional strategies and materials.

(cf. 4131 - Staff Development)

(cf. 4222 - Teacher Aides/Paraprofessionals)

(cf. 4231 - Staff Development)

The Superintendent or designee shall ensure that the district's reading/language arts program offers sufficient access to textbooks and other instructional materials of varying levels of difficulty, including fiction and nonfiction works, so that students are continually reading at an appropriate level. In addition, technology should be available to support all areas of literacy.

READING/LANGUAGE ARTS INSTRUCTION (continued)

(cf. 6141 - Curriculum Development and Evaluation)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)
(cf. 6161.11 - Supplementary Instructional Materials)
(cf. 6163.1 - Library Media Centers)

The Superintendent or designee shall regularly provide the Board with data from state and district reading assessments and program evaluations to enable the Board to monitor program effectiveness.

(cf. 0500 - Accountability)
(cf. 6000 - Concepts and Roles)
(cf. 6162.5 - Student Assessment)
(cf. 6162.51 - Standardized Testing and Reporting Program)
(cf. 6162.52 - High School Exit Examination)
(cf. 6190 - Evaluation of the Instructional Program)
(cf. 9000 - Role of the Board)

Grades K-3

The goal of the district's early literacy program shall be to ensure that students are able to read fluently and at grade level by the end of third grade. To reach this goal, the Superintendent or designee shall design a balanced and comprehensive reading/language arts program with the following components:

1. Explicit skill development for beginning readers that includes phonemic awareness, phonics and decoding skills, and sufficient practice and repetition of these skills
2. A strong literature, language, and comprehension program that includes a balance of oral and written language
3. Ongoing diagnosis of students' skills
4. An early intervention program that provides assistance to students at risk of reading failure

Grades 4-12

The Board recognizes that reading/language arts instruction is an integral component of the curriculum at all grade levels. Continuous progress in fluency and comprehension shall be the goal of reading/language arts instruction in grades 4-12.

The program in these grades shall promote reading for subject matter comprehension, developing understanding of progressively more advanced reading material, analyzing and discussing a variety of reading materials, increasing the frequency of reading, developing more complex writing skills with attention to composition and vocabulary, and developing other communications skills.

READING/LANGUAGE ARTS INSTRUCTION (continued)

When students in these grades do not have fully developed reading/language arts skills, the Superintendent or designee shall make resources available to assist them in reaching a reading level sufficient to meet the demands of grade-level material. Staff at all grade levels and in every subject shall take responsibility for supporting and expanding students' literacy skills.

Supplementary Reading Instruction for Grades K-4

When state funding is available, the Board may offer students in grades K-4 increased instructional opportunities before or after school and/or outside the regular school session to assist those students who are experiencing difficulty learning to read and to increase the reading skills and reading enjoyment of all students.

MATHEMATICS INSTRUCTION

The Governing Board desires to offer a rigorous mathematics program that provides a strong foundation in basic mathematical skills and prepares students to apply mathematics in real life. The Superintendent or designee shall develop grade-level curricula that offer a balanced instructional program, including but not limited to:

1. Basic mathematical skills: quantification, basic facts, sorting and classification, and computational skills including addition, subtraction, multiplication, division, fractions, decimals, squares and square roots
2. Conceptual understanding: knowledge and application of facts and definitions, identification of principles, understanding of relationships among mathematical concepts, recognition and application of signs, symbols and terms
3. Problem solving: use of mathematical concepts, skills, tools and reasoning strategies to formulate and solve problems in a variety of situations

The mathematics program shall develop such knowledge and skills in the subject areas of numbers, measurement, geometry, functions, statistics and probability, logic, algebra and discrete mathematics. Students should know, understand and demonstrate concepts through their application to classroom and real-life situations.

The Superintendent or designee shall ensure that all students have many opportunities to take the full range of mathematics course options.

(cf. 6143 - Courses of Study)

The Board shall establish specific content and performance standards in mathematical skills, concepts and problem-solving ability for each grade level. Students at risk of failing to meet performance standards shall receive additional assistance and intervention.

(cf. 6146.1 - High School Graduation Requirements)

The Superintendent or designee shall ensure that certificated staff have opportunities to participate in professional development activities designed to increase their knowledge and skills in effective mathematics teaching practices.

(cf. 4131 - Staff Development)

Students shall have access to sufficient instructional materials, including manipulatives and technology, to support a balanced mathematics program.

SCIENCE INSTRUCTION

The Governing Board believes that science education should focus on giving students an understanding of key scientific concepts and a capacity for scientific ways of thinking. Students should become familiar with the natural world and the interrelation of science, mathematics and technology. As part of their science instruction, students should learn how to apply scientific knowledge and ways of thinking for individual and social purposes.

(cf. 0440 - District Technology Plan)
(cf. 6142.92 - Mathematics Instruction)
(cf. 6143 - Courses of Study)

As a matter of principle, science teachers are professionally bound to limit their teaching to content that meets the criteria of scientific fact, hypothesis and theory as these terms are used in natural sciences. A scientific fact is an understanding based on confirmable observations and is subject to test and rejection. A scientific hypothesis is an attempt to frame a question as a testable proposition. A scientific theory organizes and explains a range of natural phenomena on the basis of facts and hypotheses. Scientific theories are constantly subject to testing, modification and refutation as new evidence and new ideas emerge.

Philosophical and religious theories are based, at least in part, on faith, and are not subject to scientific test and refutation. Such beliefs shall not be discussed in science classes, but may be addressed in the social science and language arts curricula.

The curriculum shall reflect the experiences of men and women and of various cultural, ethnic, racial, religious, and social groups and their contributions to the history, life, and culture of the local community, California, the United States, and other nations.

(cf. 6115 - Ceremonies and Observances)
(cf. 6141.2 - Recognition of Religious Beliefs and Customs)

The Board shall adopt standards-aligned instructional materials for history-social science in accordance with applicable law, Board policy, and administrative regulation. CONTROVERSIAL ISSUES

The Governing Board believes that students should have opportunities to discuss controversial issues which have political, social or economic significance and which the students are mature enough to investigate and address. The study of a controversial issue should help students learn how to gather and organize pertinent facts, discriminate between fact and fiction, draw intelligent conclusions and respect the opinions of others.

The Board expects teachers to exercise caution and discretion when deciding whether or not a particular issue is suitable for study or discussion in any particular class. Teachers should not spend class time on any topic which they feel is not suitable for the class or related to the established course of study.

The Board also expects teachers to ensure that all sides of a controversial issue are impartially presented, with adequate and appropriate factual information. Without promoting any partisan point of view, the teacher should help students separate fact from opinion and warn them against drawing conclusions from insufficient data. The teacher shall not suppress any student's view on the issue as long as its expression is not malicious or abusive toward others.

Teachers sponsoring guest speakers shall either ask them not to use their position or influence on students to forward their own religious, political, economic or social views or shall take active steps to neutralize whatever bias has been presented.

DIFFERENTIAL GRADUATION AND COMPETENCY STANDARDS FOR STUDENTS WITH DISABILITIES

The Governing Board recognizes that students with disabilities are entitled to a course of study that provides them with a free appropriate public education (FAPE) and that modifications to the district's regular course may be needed on an individualized basis to provide FAPE. In accordance with law, each student's individualized education program (IEP) team shall determine the appropriate goals, as well as any appropriate individual accommodations necessary for measuring the academic achievement and functional performance of the student on state and districtwide assessments.

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

Certificate of Educational Achievement or Completion

Instead of a high school diploma, a student with disabilities may be awarded a certificate or document of educational achievement or completion if the student has met one of the following requirements: (Education Code 56390)

1. Satisfactorily completed a prescribed alternative course of study approved by the board of the district in which the student attended school or the district with jurisdiction over the student as identified in his/her IEP
2. Satisfactorily met his/her IEP goals and objectives during high school as determined by the IEP team
3. Satisfactorily attended high school, participated in the instruction as prescribed in his/her IEP, and met the objectives of the statement of transition services

(cf. 6146.1 - High School Graduation Requirements)

A student with disabilities who meets any of the criteria specified above shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a graduating student of similar age without disabilities would be eligible to participate. CLASS SIZE

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009) and ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), Education Code 42605 grants district flexibility in "Tier 3" categorical programs. The Trona Joint Unified School District has accepted this flexibility and thus is deemed in compliance with the statutory or regulatory program and funding requirements for these programs for the 2008-2009 through 2012-2013 fiscal years. As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

The Governing Board recognizes that the number of students in a class may affect the extent to which teachers can identify and respond to individual student needs.

In accordance with negotiated employee agreements and state law, and upon the recommendation of the Superintendent or designee, the Board shall establish upper and lower class size limits appropriate for the grade level or subject taught and conducive to the effective use of teaching staff.

(cf. 4141/4241 - Collective Bargaining Agreement)

The Superintendent or designee shall regularly submit reports that will enable the Board to evaluate the effectiveness of the class size reduction program and its impact on student achievement and on the attainment of the district's goals. These reports shall also include an analysis of the impact of class size reduction on staffing and school facilities needs.

Class Size Reduction in Grades K-3

The Board believes that small class size is beneficial to students in the primary grades as they acquire the basic skills that serve as the foundation for their subsequent learning. The Superintendent or designee shall ensure that classes in primary grades designated by the Board are reduced to 20 or fewer students per teacher in accordance with law.

Full-time mainstreamed special education students shall be included in determining class size for purposes of the class size reduction program.

(cf. 6159 - Individualized Education Program)

In accordance with law, the Superintendent or designee shall ensure that the teachers of classes in the class size reduction program receive training designed to help them to maximize the educational advantages of class size reduction.

(cf. 4131 - Staff Development)

CLASS SIZE (continued)

If it becomes necessary to consider reducing or eliminating certain grade levels or schools from participation in the class size reduction program, the Superintendent or designee shall prepare a report analyzing the potential impact of the program's elimination, including the effects on the district's budget, transportation, facilities, staffing and collective bargaining agreement, as well as the potential impact on student achievement and learning. He/she shall present recommendations to the Board in accordance with the priorities specified in law.

Class Size Reduction in Grades K-3

When establishing a program to reduce class size in the primary grades, the program shall be implemented at each school according to the following priorities: (Education Code 52124)

1. If only one grade level is reduced at a school, the grade level shall be grade 1.
2. If only two grade levels are reduced at a school, the grade levels shall be grades 1 and 2.
3. If three grade levels are reduced at a school, then those grade levels shall be kindergarten and grades 1 and 2 or grades 1 through 3. Priority shall be given to the reduction of class sizes in grades 1 and 2 before class sizes of kindergarten or grade 3 are reduced.
4. If four grade levels are reduced at a school, then those grade levels shall be kindergarten through grade 3. First priority shall be given to the reduction of class sizes in grade 1 and 2; second priority shall be given to the reduction of class size in kindergarten and grade 3.

In order to maximize the educational advantages of smaller classes, training shall be provided to teachers providing direct instructional services in classes participating in the district's class size reduction program. This training shall include, but not be limited to, methods for providing each of the following: (Education Code 52127)

1. Individual instruction
2. Effective teaching, including classroom management, in smaller classes
3. Identifying and responding to student needs
4. Opportunities to build on the individual strengths of students

(cf. 4131 - Staff Development)

SCHOOL-SPONSORED TRIPS

The Governing Board recognizes that school-sponsored trips are an important component of a student's development and supplement and enrich the classroom learning experience. School-sponsored trips may be conducted in connection with the district's course of study or school-related social, educational, cultural, athletic, school band activities, or other extracurricular or cocurricular activities. A field trip to a foreign country may be permitted to familiarize students with the language, history, geography, natural science, and other studies relative to the district's course of study.

(cf. 6143 - Courses of Study)

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6145.2 - Athletic Competition)

Requests for school-sponsored trips involving out-of-state, out-of-country, or overnight travel shall be submitted to the Superintendent or designee. The Superintendent or designee shall review the request and make a recommendation to the Board as to whether the request should be approved by the Board. All other school-sponsored trips shall be approved in advance by the principal.

(cf. 3312.2 - Educational Travel Program Contracts)

The principal shall establish a process for approving a staff member's request to conduct a school-sponsored trip. When planning trips, staff shall consider student safety, objectives of instruction, the most effective use of instructional time, the distance from school, district and student expense, and transportation and supervision requirements. Principals may exclude from the trip any student whose presence on the trip would pose a safety or disciplinary risk.

(cf. 3530 - Risk Management/Insurance)

(cf. 3541.1 - Transportation for School-Related Trips)

(cf. 5142 - Safety)

(cf. 5143 - Insurance)

(cf. 5144 - Discipline)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

No field trip shall be authorized if any student would be excluded from participation because of a lack of sufficient funds. The Superintendent or designee shall coordinate with community groups to supply funds for students in need. (Education Code 35330)

(cf. 1230 - School-Connected Organizations)

(cf. 1321 - Solicitation of Funds from and by Students)

(cf. 1700 - Relations Between Private Industry and the Schools)

District funds shall not be used to pay student expenses for out-of-state or out-of-country field trips or excursions. However, expenses of instructors, chaperones, and other personnel participating in such trips, as well as incidental expenses for the use of district equipment during the trip, may be paid from district funds. SCHOOL-SPONSORED TRIPS

Supervision

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

(cf. 5131 - Conduct)

(cf. 5131.1 - Bus Conduct)

(cf. 5144 - Discipline)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

The Superintendent or designee shall ensure that adequate supervision is provided on all school-sponsored trips and that there is an appropriate ratio of adults to students present on the trip. If the trip involves water activities, this ratio shall be revised as necessary.

Parent/Guardian Permission

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims. (Education Code 35330)

Safety Issues

1. While conducting a trip, the teacher, employee, or agent of the school shall have the school's first aid kit in his/her possession or immediately available. (Education Code 32041)

Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip. (Education Code 32043)

2. The district shall provide or make available medical and/or hospital insurance for students injured while participating in any excursion or field trip. (Education Code 35331)

SCHOOL-SPONSORED TRIPS (continued)

(cf. 3541.1 - Transportation for School-Related Trips)
(cf. 5143 - Insurance)

3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school-sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)

4. Lifeguards are required for all swimming activities. If the activity is at a private pool, the owner of the pool shall provide a certificate of insurance, designating the district as an additional insured, for not less than \$500,000 in liability coverage. Staff shall determine supervisory responsibilities for all chaperones.

(cf. 3530 - Risk Management/Insurance)
(cf. 5141.7 - Sun Safety)

5. Before trips of more than one day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians, and students to discuss safety and the importance of safety-related rules for the trip.

(cf. 5142 - Safety)

INDEPENDENT STUDY

The Board of Trustees authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan and enabling students to reach curriculum objectives and fulfill graduation requirements. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

(cf. 0420.4 - Charter Schools)

(cf. 6011 - Academic Standards)

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6181 - Alternative Schools/Programs of Choice)

(cf. 6200 - Adult Education)

A student's participation in independent study shall be voluntary. Students participating in independent study shall have the right, at any time, to enter or return to the regular classroom mode of instruction. (Education Code 51747; 5 CCR 11700)

Parents/guardians of students who are interested in independent study shall contact the Superintendent or designee. The Superintendent or designee shall approve independent study for an individual student only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than he/she would in the regular classroom.

The minimum period of time for any independent study option shall be five consecutive school days.

The Superintendent or designee shall ensure that a written independent study agreement, as prescribed by law, exists for each participating student. (Education Code 51747)

The written agreement shall specify the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers and increase the risk of dropping out of school, independent study assignments shall be no more than four weeks for all grade levels and types of program with more frequent progress checks. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

Each student will be placed on a two-week probationary period at the start of the program. After the two weeks, the student would be re-evaluated and a decision made whether to continue or discontinue the Independent study program. After the probationary period, when a participating student misses three assignments an evaluation shall be conducted to determine whether it is in the student's best interest to remain in independent study.

INDEPENDENT STUDY (continued)

However, a student's written agreement may specify a lower or higher number of missed assignments that will trigger an evaluation when the Superintendent/Principal or designee determines it appropriate based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Missing two appointments with the supervising teacher without valid reasons also may trigger an evaluation to determine whether the student should remain in independent study. Supervising teachers should establish an appropriate schedule for student-teacher conferences in order to help identify students falling behind in their work or in danger of failing or dropping out of school. Except in unusual circumstances, it is expected that the supervising teacher will meet, either in person or by electronic means, with each participating student at least once a week to discuss the student's progress.

(cf. 5147 - Dropout Prevention)

The Superintendent or designee shall annually report to the Board the number of students participating in independent study, the average daily attendance generated for apportionment purposes, the quality of these students' work as measured by standard indicators, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.

(cf. 5113 - Absences and Excuses)

No course required for high school graduation shall be offered exclusively through independent study. (Education Code 51745)

(cf. 6146.1 - High School Graduation Requirements)

Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the district's adopted course of study within the customary time frame. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges. (5 CCR 11700, 11701.5)

INDEPENDENT STUDY (continued)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The district shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians. (Education Code 46300.6, 51747.3)

Eligibility for Independent Study

Provided that experienced certificated staff are available to effectively supervise students in independent study, the Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently. A student whose academic performance is not at grade level may participate in independent study only if the school is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

A student participating in independent study must be a resident of the county or an adjacent county. Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 46300.2, 51747.3)

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

For a student with disabilities, as defined in Education Code 56026, participation in independent study shall be approved only if his/her individualized education program specifically provides for such participation. (Education Code 51745)

(cf. 6159 - Individualized Education Program)

A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 by means of independent study. (Education Code 51745)

(cf. 6183 - Home and Hospital Instruction)

Students age 21 or older, and students age 19 or older who have not been continuously enrolled in school since their 18th birthday, may participate in independent study only through the adult education program for the purpose of enrolling in courses required for a high school diploma by Education Code 51225.3 or the Governing Board. (Education Code 46300.1, 46300.4)

(cf. 6200 - Adult Education)

INDEPENDENT STUDY (continued)

No more than 10 percent of the students enrolled in a continuation high school or opportunity school or program, not including pregnant and parenting students who are primary caregivers for one or more of their children, shall be eligible for apportionment credit for independent study. (Education Code 51745)

(cf. 5146 - Married/Pregnant/Parenting Students)
(cf. 6184 - Continuation Education)

Written Agreements

A written agreement shall be developed and implemented for each student participating in independent study for five or more consecutive school days. (Education Code 46300, 51747)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but not be limited to, all of the following: (Education Code 51747; 5 CCR 11700)

1. The manner, time, frequency, and place for submitting the student's assignments and for reporting his/her progress
2. The objectives and methods of study for the student's work and the methods used to evaluate that work
3. The specific resources, including materials and personnel, that will be made available to the student
4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one semester or one-half year if the school is on a year-round calendar
6. A statement of the number of course credits or, for an elementary student, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion
7. A statement that independent study is an optional educational alternative in which no student may be required to participate

INDEPENDENT STUDY (continued)

8. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Before the student begins the independent study, the written agreement shall be signed and dated by the student, the parent/guardian or caregiver of the student if the student is under age 18, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student. (Education Code 51747; 5 CCR 11702)

Monitoring Student Progress

Independent study students who are late, miss scheduled conferences, or do not submit assigned work on time shall not be reported as tardy or truant.

However, the independent study administrator and/or supervising teacher shall promptly and directly address any failure by the student to meet the terms of his/her written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian
2. A meeting between the student and the teacher and/or counselor
3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in the written agreement as precipitating an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether or not independent study is appropriate for the student. This evaluation may result in termination of the independent study agreement and the student's return to a regular school program.

Responsibilities of Independent Study Administrator

The responsibilities of the independent study administrator shall be to:

1. Ensure that the district's independent study option is operated in accordance with law, Board policy, and administrative regulation and is substantially equal in quality and quantity to the classroom instruction

INDEPENDENT STUDY (continued)

2. Obtain and maintain current information and skills required for the operation of an independent study program that meets established standards for the district's educational programs
3. Develop and manage the budget for independent study
4. Authorize the selection of certificated staff to be assigned as independent study teachers
5. Supervise any staff assigned to independent study functions who are not regularly supervised by another administrator
6. Approve or deny the participation of students requesting independent study
7. Facilitate the completion of written independent study agreements
8. Assure a smooth transition for students into and out of the independent study mode of instruction
9. Approve all credits earned through independent study and forward the information to the appropriate staff so that the information becomes part of the student's record
10. Complete or coordinate the preparation of all records and reports required by law, Board policy, or administrative regulation

Assignment and Responsibilities of Independent Study Teachers

Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of a certificated employee who consents to the assignment. (Education Code 44865, 51747.5; 5 CCR 11700)

(cf. 4112.2 - Certification)

(cf. 4112.24 - Teacher Qualifications Under the No Child Left Behind)

The principal and independent study administrator may recommend and the Superintendent shall approve the assignment of teachers to directly supervise independent study and/or work with students on specific subject matter. The Superintendent or designee shall ensure that independent study teachers have access to professional development and support comparable to classroom-based teachers.

(cf. 4131 - Staff Development)

INDEPENDENT STUDY (continued)

The ratio of student average daily attendance to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs in the district. (Education Code 51745.6)

The responsibilities of the supervising teacher shall be to:

1. Complete designated portions of the written independent study agreement and add additional information to the written agreement when appropriate
2. Supervise and approve coursework
3. Design lesson plans and make assignments
4. Maintain records of student assignments showing the date the assignment is given and the date the assignment is due
5. Provide direct instruction and counsel as necessary for individual student success
6. Regularly meet with the student to discuss the student's progress
7. Judge the time value of assigned work or work products completed and submitted by the student
8. Assess student work and determine and assign grades or other approved measures of achievement
9. Select and save representative samples of the student's completed and evaluated assignments for each subject, signed or initialed and dated in accordance with item #3 in the section on "Records" below
10. Maintain a daily or hourly attendance register in accordance with item #4 in the section on "Records" below
11. Maintain any other required records and files on a current basis

Records

The Superintendent or designee shall ensure that records are maintained for audit purposes. These records shall include, but not be limited to: (Education Code 51748; 5 CCR 11703)

1. A copy of the Board policy, administrative regulation, and other procedures related to independent study.

INDEPENDENT STUDY (continued)

2. A separate listing of the students, by grade level, program, and school, who have participated in independent study. This listing shall identify units of the curriculum attempted and units of the curriculum completed by students in grades K-8 and identify course credits attempted by and awarded to students in grades 9-12 and in adult education, as specified in their written agreements.
3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's signed or initialed and dated notations indicating that he/she has personally evaluated the work or that he/she has personally reviewed the evaluations made by another certificated teacher.
4. A daily or hourly attendance register, as appropriate to the program in which the students are participating, separate from classroom attendance records, and maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons.

(cf. 3580 - District Records)

The above records shall be maintained for three years, excluding the current fiscal year.

The Superintendent or designee also shall maintain a record of grades and other evaluations issued to each student for independent study assignments.

Each school shall maintain records for the students at that school.

A written record of the findings of any evaluation conducted after the student has missed the number of assignments specified in Board policy shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education Code 51747)

(cf. 5125 - Student Records)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009) and ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), Education Code 42605 grants district flexibility in "Tier 3" categorical programs. The Trona Joint Unified School District has accepted this flexibility and thus is deemed in compliance with the statutory or regulatory program and funding requirements for these programs for the 2008-2009 through 2012-2013 fiscal years. As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

The Governing Board desires that district instructional materials, as a whole, present a broad spectrum of knowledge and viewpoints, reflect society's diversity, and enhance the use of multiple teaching strategies and technologies. The Board shall adopt instructional materials based on a determination that such materials are an effective learning resource to help students achieve grade-level competency and meet criteria specified in law. Textbooks, technology-based materials, and other educational materials shall be aligned with state and district content standards and the district's curriculum in order to ensure that they effectively support the district's adopted courses of study.

- (cf. 0440 - District Technology Plan)*
- (cf. 6000 - Concepts and Roles)*
- (cf. 6011 - Academic Standards)*
- (cf. 6141 - Curriculum Development and Evaluation)*
- (cf. 6143 - Courses of Study)*
- (cf. 6146.1 - High School Graduation Requirements)*
- (cf. 6161 - Equipment, Books and Materials)*
- (cf. 6161.11 - Supplementary Instructional Materials)*
- (cf. 6162.5 - Student Assessment)*
- (cf. 6163.1 - Library Media Centers)*
- (cf. 9000 - Role of the Board)*

The Superintendent or designee shall establish a process by which instructional materials shall be reviewed for recommendation to the Board.

This process shall involve teachers in a substantial manner and shall also encourage the participation of parents/guardians and community members. (Education Code 60002)

All recommended instructional materials shall be available for public inspection at the district office.

- (cf. 5020 - Parent Rights and Responsibilities)*

Individuals who participate in the selection or evaluation of instructional materials shall not have a conflict of interest, as defined in administrative regulation, in the materials being reviewed.

- (cf. 9270 - Conflict of Interest)*

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

Complaints concerning instructional materials shall be handled in accordance with law, Board policy, and administrative regulation.

(cf. 1312.2 - Complaints Concerning Instructional Materials)

(cf. 1312.4 - Williams Uniform Complaint Procedures)

The Board's priority in the selection of instructional materials is to ensure that all students in grades K-12 are provided with instructional materials that are aligned to state content standards in the core curriculum areas of reading/language arts, mathematics, science, and history-social science. Students in grades K-8 shall be provided with instructional materials adopted by the State Board of Education.

The district may pilot instructional materials, using a representative sample of classrooms for a specified period of time during a school year, in order to determine how well the materials support the district's curricular goals and academic standards. Feedback from teachers piloting the materials shall be made available to the Board before the materials are adopted.

Public Hearing on Sufficiency of Textbooks or Instructional Materials

The Board shall annually conduct one or more public hearings on the sufficiency of the district's textbooks or instructional materials. (Education Code 60119; 5 CCR 9531)

The hearing shall be held on or before the end of the eighth week from the first day students attend school for that year. (Education Code 60119)

The Board encourages participation by parents/guardians, teachers, interested community members, and bargaining unit leaders at the hearing. Ten days prior to the hearing and in three public places within the district, the Superintendent or designee shall post a notice containing the time, place, and purpose of the hearing. The hearing shall not take place during or immediately following school hours. (Education Code 60119)

(cf. 9322 - Agenda/Meeting Materials)

At the hearing(s), the Board shall determine, through a resolution, whether each student in each school, including each English learner, has sufficient textbooks or instructional materials in each of the following subjects which are aligned to the state content standards adopted pursuant to Education Code 60605 and consistent with the content and cycles of the state's curriculum frameworks: (Education Code 60119)

1. Mathematics
2. Science
3. History-social science

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

4. English language arts, including the English language development component of an adopted program

The Board shall also make a written determination as to whether each student enrolled in a foreign language or health course has sufficient textbooks or instructional materials that are consistent with the content and cycles of the state curriculum frameworks. The Board shall determine the availability of science laboratory equipment, as applicable to science laboratory courses offered in grades 9-12. (Education Code 60119)

In making these determinations, the Board shall consider whether each student has sufficient textbooks and/or instructional materials to use in class and to take home. However, this does not require that each student have two sets of materials. The materials may be in a digital format as long as each student, at a minimum, has and can access the same materials in the class and to take home as all other students in the same class or course in the district and has the ability to use and access them at home. However, the materials shall not be considered sufficient if they are photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage. (Education Code 60119)

For the 2008-09 through 2012-13 fiscal years, the Board shall also make a determination that all students within the district who are enrolled in the same course have "identical" standards-aligned textbooks or instructional materials from the same adoption cycle, as defined in Education Code 1240.3, 60119, and 60422. (Education Code 1240.3, 42605)

If the Board determines that there are insufficient textbooks and/or instructional materials, the Board shall provide information to classroom teachers and to the public setting forth, for each school in which an insufficiency exists, the percentage of students who lack sufficient standards-aligned textbooks or instructional materials in each subject area and the reasons that each student does not have sufficient textbooks and/or instructional materials. The Board shall take any action, except an action that would require reimbursement by the Commission of State Mandates, to ensure that each student has sufficient materials within two months of the beginning of the school year in which the determination is made. SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009) and ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), Education Code 42605 grants district flexibility in "Tier 3" categorical programs. The Trona Joint Unified School District has accepted this flexibility and thus is deemed in compliance with the statutory or regulatory program and funding requirements for these programs for the 2008-2009 through 2012-2013 fiscal years. As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

Instructional Materials Funding Realignment Program

The district shall use state funds received under the Instructional Materials Funding Realignment Program to ensure that each student is provided with standards-aligned textbooks or instructional materials, in an electronic or hard-bound format, in the core curriculum areas of reading/language arts, mathematics, science, and history-social science. (Education Code 60422, 60422.1)

Instructional materials for grades K-8 shall be selected from the list of standards-aligned materials adopted by the State Board of Education (SBE). Instructional materials for grades 9-12 shall be adopted by the Governing Board. Standards-aligned materials in each core curriculum area shall be provided to each student at the beginning of the first school term that commences no later than 24 months after those materials are adopted by the SBE or the Board, as applicable. (Education Code 60422)

(cf. 6011 - Academic Standards)

For grades 9-12, the Superintendent or designee shall review instructional materials in history-social science, mathematics, reading/language arts, and science using a standards map in order to determine the extent to which the materials are aligned to the content standards adopted by the SBE.

After the Board has certified that all students have been provided with standards-aligned instructional materials in the core curriculum areas, the district may use any remaining program funds for the purposes specified in Education Code 60242. (Education Code 60119, 60422)

Criteria for Selection and Adoption of Instructional Materials

Instructional materials adopted by the Board shall:

1. For basic instructional materials in grades K-8, be selected from among the list of materials approved by the SBE in accordance with law (Education Code 60200)

(cf. 1431 - Waivers)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

2. For instructional materials in high schools, be provided by publishers who comply with the requirements of Education Code 60040-60048, 60060-60062, and 60226 (Education Code 60400)
3. Not reflect adversely upon persons because of their race, color, creed, national origin, ancestry, sex, disability, or occupation, or contain any sectarian or denominational doctrine or propaganda contrary to law (Education Code 60044)
4. To the satisfaction of the Board, be accurate, objective, current, and suited to the needs and comprehension of students at their respective grade levels (Education Code 60045)
5. With the exception of literature and trade books, use proper grammar and spelling (Education Code 60045)
6. Not provide any exposure to a commercial brand name, product, or corporate or company logo unless the Board makes a specific finding that the use is appropriate based on one of the following: (Education Code 60048, 60200)
 - a. The commercial brand name, product, or corporate or company logo is used in text for an educational purpose as defined in guidelines or frameworks adopted by the SBE.
 - b. The appearance of a commercial brand name, product, or corporate or company logo in an illustration is incidental to the general nature of the illustration.

(cf. 1325 - Advertising and Promotion)

7. If the materials are technology-based materials, be both available and comparable to other, equivalent instructional materials (Education Code 60052)
8. Meet the requirements of Education Code 60040-60043 for specific subject content

Instructional Materials Evaluation Committee

The Superintendent or designee may establish an instructional materials evaluation committee to evaluate and recommend instructional materials for Board approval. This committee shall substantially be composed of teachers and may also include administrators, other staff who have subject-matter expertise, parents/guardians, community members, and students as appropriate.

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

(cf. 1220 - Citizen Advisory Committees)

The committee shall review instructional materials using criteria provided above and in law, and shall provide the Board with documentation supporting its recommendations.

1. Accept any emolument, money, or other valuable thing or inducement to directly or indirectly introduce, recommend, vote for, or otherwise influence the adoption or purchase of any instructional material (Education Code 60072)

Sample copies of instructional materials are excepted from this prohibition. (Education Code 60075)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS

Resolution on Sufficiency of Textbooks or Instructional Materials

Whereas, the Governing Board of the *Trona Joint Unified School District*, in order to comply with the requirements of Education Code 60119, held a public hearing on *(date)*, at *(time)* o'clock, which is on or before the eighth week of school (between the first day that students attend school and the end of the eighth week from that day) and which did not take place during or immediately following school hours, and;

Whereas, the Board provided at least 10 days notice of the public hearing by posting it in at least three public places within the district stating the time, place, and purpose of the hearing, and;

Whereas, the Board encouraged participation by parents/guardians, teachers, members of the community, and bargaining unit leaders in the public hearing, and;

Whereas, information provided at the public hearing detailed the extent to which textbooks and instructional materials were provided to all students, including English learners, in the *Trona Joint Unified School District*, and;

Whereas, the definition of "sufficient textbooks or instructional materials" means that each student, including each English learner, has a standards-aligned textbook and/or instructional materials to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage, and;

Whereas between the 2008-09 through the 2012-13 fiscal years, the definition of "sufficient textbooks or instructional materials" also means that all students who are enrolled in the same course within the *Trona Joint Unified School District*, have standards-aligned textbooks or instructional materials from the same adoption cycle, and;

Finding of Sufficient Textbooks or Instructional Materials

Whereas, sufficient textbooks or instructional materials were provided to each student, including each English learner, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in the following subjects:

- Mathematics: *(List adopted textbooks or instructional materials for this subject for each grade level or school as well as applicable state adoption cycle.)*

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

- Science: *(List adopted textbooks or instructional materials for this subject for each grade level or school as well as applicable state adoption cycle.)*

- History-social science: *(List adopted textbooks or instructional materials for this subject for each grade level or school as well as applicable state adoption cycle.)*

- English/language arts, including the English language development component of an adopted program: *(List adopted textbooks or instructional materials for this subject for each grade level or school as well as applicable state adoption cycle.)*

Whereas, sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and;

Whereas, laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive;

Therefore, it is resolved that for the _____ school year, the *Trona Joint Unified School District*, has provided each student with sufficient textbooks or instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.

Finding of Insufficient Textbooks or Instructional Materials

Whereas, information provided at the public hearing and to the Board at the public meeting detailed that insufficient textbooks or instructional materials were provided to students in the following subjects and grade levels at district schools: *(For each school, list the percentage of students who lack sufficient standards-aligned textbooks or instructional materials in mathematics, science, history-social science, English/language arts, foreign language, and health.)*

Whereas, sufficient textbooks or instructional materials were not provided at each school listed above due to the following reasons: *(For each school at which there is an insufficiency, list the reasons why each student does not have sufficient instructional materials in each subject and grade level listed above.)*

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

SUPPLEMENTARY INSTRUCTIONAL MATERIALS

The Governing Board encourages teachers to use supplementary instructional materials which are relevant to curriculum objectives and compatible with district goals and objectives. By using such materials, teachers can introduce content and instructional strategies that enrich the curriculum, enhance learning, help students make critical judgments, and stimulate their intellectual growth.

Teachers shall carefully preview all supplementary instructional materials in order to ensure that, in their professional judgment, the materials are:

1. Directly related to the course of study in which they are being used
2. Appropriate for students' ages and maturity levels

Supplementary instructional materials must also be consistent with criteria developed for the selection and evaluation of other instructional materials. If the teacher believes that the materials may be in conflict with district criteria, the teacher shall confer with the principal or designee before using them.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

When using supplementary materials, teachers shall provide appropriate introductory and follow-up activities. In addition, teachers shall ensure that supplementary materials do not supplant the use of basic texts or teaching activities.

All materials must be used within legal copyright limits.

(cf. 6162.6 - Use of Copyrighted Materials)

Films

When a teacher desires to show a film that has not been approved by the district or county for use in the grade level taught, the teacher shall preview the film to determine whether in his/her professional judgment it is consistent with district criteria for the selection of instructional materials. All films must be appropriate for the curriculum and the students' ages.

If the teacher has any questions about how established district criteria apply to the film, he/she shall confer with the principal or designee before showing the film.

DAMAGED OR LOST INSTRUCTIONAL MATERIALS

The Governing Board recognizes that instructional materials are an expensive resource and that each student is entitled to sufficient instructional materials in accordance with law. Instructional materials provided for use by students remain the property of the district. Students are responsible for returning borrowed materials in good condition, with no more wear and tear than usually results from normal use.

(cf. 1312.2 - Complaints Concerning Instructional Materials)
(cf. 1312.4 - Williams Uniform Complaint Procedures)
(cf. 3260 - Fees and Charges)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

When materials are lost or so damaged that they are no longer usable, the student shall be immediately issued a replacement material. However, students or parents/guardians shall be responsible for reparation equal to the current replacement cost of the materials. When materials are damaged but still usable, the Superintendent or designee shall determine an appropriate charge.

If it can be demonstrated to the Superintendent or designee's satisfaction that the student has taken all reasonable precautions to safeguard instructional materials issued to him/her, the Superintendent or designee may excuse the student or parent/guardian from payment of reparation.

If reparation is not excused and not paid by the student or parent/guardian, the district may withhold the student's grades, diploma and transcripts in accordance with law, Board policy, and administrative regulation.

STUDENT ASSESSMENT

The Governing Board recognizes that student assessments are an important instructional and accountability tool. Assessment data shall be used to help determine individual students' progress, mastery of academic standards, appropriate placement in district programs, and/or eligibility for graduation. In addition, program effectiveness and staff evaluations shall, as appropriate, be based in part on indicators of student achievement.

(cf. 0500 - Accountability)
(cf. 4115 - Evaluation/Supervision)
(cf. 5123 - Promotion/Acceleration/Retention)
(cf. 6011 - Academic Standards)
(cf. 6190 - Evaluation of the Instructional Program)

To obtain the most accurate evaluation of student performance, the district shall use a variety of measures, including district, state, and/or national assessments. As appropriate, assessment results shall be disaggregated by student subgroup, classroom, grade level, or school site to allow for critical analysis of student needs.

(cf. 5121 - Grades/Evaluation of Student Achievement)
(cf. 6142.7 - Physical Education and Activity)
(cf. 6162.51 - Standardized Testing and Reporting Program)
(cf. 6162.52 - High School Exit Examination)

In selecting or developing a district assessment, the Superintendent or designee shall examine evidence of its reliability, its validity for the intended purpose and for various student populations, and the extent to which it corresponds to the material that is being taught.

The Superintendent or designee shall ensure that assessments are administered in accordance with law and the test publisher's directions and that test administration procedures are fair and equitable for all students.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 6162.54 - Test Integrity/Test Preparation)

The Superintendent or designee shall provide professional development to assist teachers and paraprofessionals in interpreting and using assessment data to improve student performance and the instructional program.

(cf. 4131 - Staff Development)
(cf. 4222 - Teacher Aides/Paraprofessionals)

When districtwide and school-level results of student assessments are published by the state, the Superintendent or designee may provide supplementary information to assist parents/guardians and the local community in interpreting test results and evaluating school performance.

(cf. 0510 - School Accountability Report Card)

STUDENT ASSESSMENT (continued)

Individual Record of Accomplishment

The Superintendent or designee shall ensure that each student, by the end of grade 12, has an individual record of accomplishment that includes the following: (Education Code 60607)

The results of the achievement test administered under the Standardized Testing and Reporting Program pursuant to Education Code 60640-60649

No individual record of accomplishment shall be released to any person, other than the student's parent/guardian or a teacher, counselor, or administrator directly involved with the student, without the written consent of the student's parent/guardian, or the student if he/she is an adult or emancipated minor. The student or his/her parent/guardian may authorize the release of the record of accomplishment to a postsecondary educational institution for the purposes of credit, placement, or admission. STANDARDIZED TESTING AND REPORTING PROGRAM

The Governing Board desires to use the results of the achievement tests to evaluate the performance of district students in achieving state academic standards and in comparison to the performance of students across the state. The Superintendent or designee shall administer mandatory student assessments within the state Standardized Testing and Reporting (STAR) Program as required by law and in accordance with Board policy and administrative regulation.

(cf. 6162.5 - Student Assessment)
(cf. 6162.54 - Test Integrity/Test Preparation)

The Board strongly encourages all students at the applicable grade levels to participate in the STAR assessments in order to maximize the usefulness of the data and enable the district to meet participation levels required for state and federal accountability systems. The Superintendent or designee shall notify students and parents/guardians about the importance of these assessments and shall develop strategies to encourage student participation. Students shall be exempted from participation only in accordance with law and administrative regulation.

(cf. 0520.2 - Title I Program Improvement Schools)
(cf. 0520.3 - Title I Program Improvement Districts)
(cf. 6011 - Academic Standards)

The Board shall annually examine STAR results by school, grade level, and student subgroup in the Board's discussion of each school's ranking on the statewide Academic Performance Index. If the STAR performance level of the school is below the Board's established expectations, the Board may conduct an assessment of the reasons for the performance results and may adopt a performance improvement plan in accordance with Education Code 52056.

STANDARDIZED TESTING AND REPORTING PROGRAM

The district shall administer the following assessments in the Standardized Testing and Reporting (STAR) Program:

1. The California Standards Tests (CSTs) in English language arts, mathematics, science, and history-social science to students in grades 2-11 (Education Code 60640)

In addition, students in grade 11 may voluntarily take an augmented CST as part of the Early Assessment Program to determine their readiness for college-level work in English and/or mathematics. (Education Code 60641, 99300-99301)

2. The Standards-Based Test in Spanish (STS) to Spanish-speaking English language learners in grades 2-11 who either: (Education Code 60640)
 - a. Receive instruction in Spanish, regardless of how long they have been in the United States
 - b. Have been enrolled in a California public school for less than 12 months

(cf. 6174 - Education for English Language Learners)

This test shall be required in addition to the CST administered in English. (Education Code 60640)

Following the first year of enrollment in a California public school, Spanish-speaking English language learners in grades 2-11 shall continue to take the STS in addition to the CST in English, if the Superintendent or designee determines that such test results would provide useful information about students' performance.

3. The California Alternate Performance Assessment (CAPA) for students with severe cognitive disabilities who are unable to take the CSTs even with accommodations or modifications, or the California Modified Assessment (CMA) for students who are not severely cognitively disabled, when determined appropriate by the student's individualized education program (IEP) team (Education Code 56345, 60640; 5 CCR 850; 34 CFR 200.1)

Any special education student who is an English learner may be tested with the STS in accordance with item #2 above, unless the IEP specifically exempts him/her from such testing. (Education Code 56345)

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

STANDARDIZED TESTING AND REPORTING PROGRAM (continued)

Testing Period

The STAR tests, with the exception of the writing assessment, shall be administered to students during a testing window of 21 instructional days that includes 10 instructional days before and after completion of 85 percent of the instructional days of the school, track, or program. (Education Code 60640; 5 CCR 855)

The Superintendent or designee shall arrange for at least two make-up days for the testing of students who were absent during the testing period. All make-up testing shall occur within five instructional days of the last date that the district administered the tests, but not later than the 21 instructional day window established above. (Education Code 60640; 5 CCR 855)

The STAR writing assessment shall be administered only on the testing day(s) and make-up day(s) specified annually by the Superintendent of Public Instruction. (Education Code 60640; 5 CCR 855)

Exemptions

A parent/guardian may submit to the school a written request to excuse his/her child from any or all parts of any test. District employees may discuss the STAR Program with parents/guardians and may inform them of the availability of exemptions under Education Code 60615. However, the district and its employees shall not solicit or encourage any written exemption request on behalf of any student or group of students. (5 CCR 852)

Testing Variations

The CSTs and STS shall be administered in accordance with the manuals or other instructions provided by the test contractor, unless a testing variation, accommodation, or modification is specifically allowed pursuant to 5 CCR 853.5. (5 CCR 853, 853.5)

All students may be provided with the following variations: (5 CCR 853.5)

IDENTIFICATION AND EDUCATION UNDER SECTION 504

Definitions

Free appropriate public education (FAPE) under Section 504 of the Rehabilitation Act of 1973 means the provision of either regular or special education and related aids and services, designed to meet the student's individual educational needs as adequately as the needs of nondisabled students are met. (34 CFR 104.33)

Eligibility to receive FAPE under Section 504 means a student has a physical or mental impairment which substantially limits one or more major life activities. (34 CFR 104.33)

Major life activities means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. (34 CFR 104.3)

Physical or mental impairment means any of the following: (34 CFR 104.3)

1. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal, special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive, genito-urinary; hemic and lymphatic; skin; and endocrine
2. Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities

Referral, Identification, and Evaluation

1. Any student may be referred by a parent/guardian, teacher, other school employee, student success team, or community agency for consideration of eligibility as a disabled student under Section 504. This referral may be made to the principal or 504 Coordinator.

(cf. 6164.5 - Student Success Teams)

2. Upon receipt of a referral for eligibility, the principal or 504 Coordinator shall consider the referral and determine whether an evaluation is appropriate. This determination shall be based on a review of the student's school records, including academic and nonacademic areas of the school program; consultation with the student's teacher(s), other professionals, and the parent/guardian, as appropriate; and analysis of the student's needs.

If it is determined that an evaluation is unnecessary, the principal or 504 Coordinator shall inform the parents/guardians in writing of this decision and of the procedural safeguards, as described in the "Procedural Safeguards" section below.

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

3. If it is determined that a student needs or is believed to need special education or related services under Section 504, the district shall conduct an evaluation of the student prior to initial placement and before any significant change in placement. (34 CFR 104.35)

Prior to conducting an initial evaluation of a student for eligibility under Section 504, the district shall obtain written parent/guardian consent.

The district's evaluation procedures shall ensure that tests and other evaluation materials: (34 CFR 104.35)

- a. Have been validated and are administered by trained personnel in conformance with the instruction provided by the test publishers
- b. Are tailored to assess specific areas of educational need and are not based solely on a single IQ score
- c. Reflect aptitude or achievement or whatever else the tests purport to measure and do not reflect the student's impaired sensory, manual, or speaking skills unless the test is designed to measure these particular deficits

Section 504 Services Plan and Placement

1. A multi-disciplinary 504 team shall be convened to review the evaluation data in order to make placement decisions.

The 504 team shall consist of a group of persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. (34 CFR 104.35)

In interpreting evaluation data and making placement decisions, the team shall draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The team shall also ensure that information obtained from all such sources is documented and carefully considered and that the placement decision is made in conformity with 34 CFR 104.34. (34 CFR 104.35)

2. If, upon evaluation, a student is determined to be eligible for services under Section 504, the team shall meet to develop a written 504 services plan which shall specify the types of regular or special education services, accommodations, and supplementary aids and services necessary to ensure that the student receives FAPE.

The parents/guardians shall be invited to participate in the meeting and shall be given an opportunity to examine all relevant records.

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

3. If the 504 team determines that no services are necessary for the student, the record of the team's meeting shall reflect whether or not the student has been identified as a disabled person under Section 504 and shall state the basis for the decision that no special services are presently needed. The student's parent/guardian shall be informed in writing of his/her rights and procedural safeguards, as described in the "Procedural Safeguards" section below.
4. The student shall be placed in the regular educational environment, unless the district can demonstrate that the education of the student in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. The student shall be educated with those who are not disabled to the maximum extent appropriate to his/her individual needs. (34 CFR 104.34)
5. The district shall complete the identification, evaluation, and placement process within a reasonable time frame.
6. A copy of the student's Section 504 services plan shall be kept in his/her student record. The student's teacher(s) and any other staff who provide services to the student shall be informed of the plan's requirements.

If a student transfers to another school within the district, the principal or designee at the school from which the student is transferring shall ensure that the principal or designee at the new school receives a copy of the plan prior to the student's enrollment in the new school.

(cf. 5125 - Student Records)

Review and Reevaluation

1. The 504 team shall monitor the progress of the student and the effectiveness of the student's Section 504 services plan to determine whether the services are appropriate and necessary and whether the student's needs are being met as adequately as the needs of nondisabled students. The team shall review the student's plan annually. In addition, the student's eligibility under Section 504 shall be reevaluated at least once every three years.
2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement. (34 CFR 104.35)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

Procedural Safeguards

Parents/guardians shall be notified in writing of all district decisions regarding the identification, evaluation, or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their right to: (34 CFR 104.36)

1. Examine relevant records
2. Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
3. Have a review procedure

Notifications shall also detail the parent/guardian's right to file a grievance with the district over an alleged violation of Section 504; have an evaluation that draws on information from a variety of sources; be informed of any proposed actions related to eligibility and plan for services; receive all information in the parent/guardian's native language and primary mode of communication; periodic reevaluations and an evaluation before any significant change in program/service modifications; an impartial hearing if there is a disagreement with the district's proposed action; be represented by counsel in the impartial hearing process; and appeal the impartial hearing officer's decision.

If a parent/guardian disagrees with decisions regarding the identification, evaluation, or educational placement of his/her child under Section 504, he/she may request a Section 504 due process hearing in accordance with the following procedures:

1. Within 30 days after receipt of the district's decision with which the parent/guardian disagrees, the parent/guardian may request an administrative review of the decision. The 504 Coordinator shall designate an appropriate administrator to meet with the parent/guardian to attempt to resolve the issue. This review shall be held within 14 days of receiving the parent/guardian's request.
2. If the parent/guardian chooses not to request an administrative review or if the review does not resolve the issue, the parent/guardian may request in writing a Section 504 due process hearing. The parent/guardian's request for a hearing shall be made within 30 days of receiving the district's decision or within 14 days of completion of the administrative review. The request shall include:
 - a. The specific nature of the decision with which the parent/guardian disagrees
 - b. The specific relief the parent/guardian seeks
 - c. Any other information the parent/guardian believes pertinent

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

Within 30 days of receiving the parent/guardian's request, the Superintendent or designee and 504 Coordinator shall select an impartial hearing officer. This 30-day deadline may be extended for good cause or by mutual agreement of the parties.

The 504 Coordinator shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with the district in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

Within 45 days of the selection of the hearing officer, the Section 504 due process hearing shall be conducted and a written decision mailed to all parties. This 45-day deadline may be extended for good cause or by mutual agreement of the parties.

Any party to the hearing shall be afforded the right to:

1. Be accompanied and advised by counsel and by individuals with special knowledge or training related to the problems of students who are qualified as disabled under Section 504
2. Present written and oral evidence
3. Question and cross-examine witnesses
4. Receive written findings by the hearing officer

If desired, either party may seek a review of the hearing officer's decision by a federal court of competent jurisdiction.

Notifications

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504. (34 CFR 104.32)

(cf. 5145.6 - Parental Notifications)

TITLE I PROGRAMS

In order to improve the academic achievement of students from economically disadvantaged families, the district shall use federal Title I funds to provide supplementary services that reinforce the core curriculum and assist students in attaining proficiency on state academic standards and assessments.

(cf. 5149 - At-Risk Students)
(cf. 6011 - Academic Standards)
(cf. 6162.5 - Student Assessment)
(cf. 6162.51 - Standardized Testing and Reporting Program)
(cf. 6162.52 - High School Exit Examination)

The Superintendent or designee shall provide technical assistance and support to any school participating in the Title I program, including consultation in the development and implementation of school plans and activities. (20 USC 6312)

(cf. 0420 - School Plans/Site Councils)

The district and each school receiving Title I funds shall develop a written parent involvement policy in accordance with 20 USC 6318.

(cf. 6020 - Parent Involvement)

Local Educational Agency Plan

The Superintendent or designee shall consult with teachers, principals, administrators, other appropriate school personnel, and parents/guardians of participating students in the development, periodic review, and, as necessary, the revision of a local educational agency (LEA) plan. The plan and any revisions shall be submitted to the Governing Board for approval. (20 USC 6312)

The plan shall address the components specified in 20 USC 6312, which describe the assessments, strategies, and services the district will use to help low-achieving students meet challenging academic standards.

The initial plan shall be submitted to the California Department of Education (CDE) and approved by the State Board of Education. Subsequent revisions of the plan shall be kept on file in the district.

Comparability of Services

State and local funds used in schools receiving Title I funds shall provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all district schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade span. (20 USC 6321)

TITLE I PROGRAMS (continued)

To demonstrate comparability of services among district schools:

1. The Board shall adopt and implement a districtwide salary schedule.
2. The ratio of students to teachers, administrators, and other staff at each Title I school shall not exceed 110 percent of the average ratio across non-Title I schools.
3. Salary expenditures at each Title I school shall be no less than 90 percent of the average salary expenditure across non-Title I schools.
4. All district schools shall be provided with the same level of base funding per student for curriculum and instructional materials.
5. The Superintendent or designee shall maintain records of the quantity and quality of instructional materials and equipment at each school.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

In determining comparability, the district shall not include staff salary differentials for years of employment. The district also may exclude unpredictable changes in student enrollment or personnel assignments that occur after the beginning of the school year, state and local funds expended for language instruction educational programs, state and local funds expended for the excess costs of providing services to disabled students, and supplemental state or local funds expended in any school attendance area or school for programs that specifically meet the intent and purposes of Title I. (20 USC 6321)

At the beginning of each school year, the Superintendent or designee shall measure comparability in accordance with the above criteria and maintain records documenting the district's compliance. If any instances of noncomparability are identified, the Superintendent or designee shall promptly implement adjustments as needed to ensure comparability.

Program Evaluation

The Board shall use state assessment results and other available measures or indicators to annually determine whether each participating school is making adequate yearly progress toward ensuring that all students meet the state's proficient level of achievement on state assessments. (20 USC 6316)

10. Coordination and integration of federal, state, and local services and programs

CONCURRENT ENROLLMENT IN COLLEGE CLASSES

The Governing Board desires to provide opportunities for eligible district students to enroll concurrently in courses offered at postsecondary institutions in order to foster individual student achievement, increase opportunities for students to complete college preparatory course requirements or career technical education preparation, and prepare students for a smooth transition into college by providing exposure to the collegiate environment.

(cf. 6143 - Courses of Study)

(cf. 6172 - Gifted and Talented Student Program)

(cf. 6178 - Career Technical Education)

When it is determined that the postsecondary course in which the student intends to enroll is substantially equivalent to a course provided by the district, the student may receive credit toward high school graduation requirements in addition to credit received from the college.

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6146.11 - Alternative Credits Toward Graduation)

Approval of Concurrent Enrollment

The Board may approve a limited number of students of any age or grade level to apply for part-time or full-time concurrent enrollment in a community college or four-year college when it is determined to be in the student's best interest and the student is adequately prepared for such coursework.

Upon recommendation of the principal and with parent/guardian consent, the Board may authorize a student to apply for attendance at a community college during any session or term as a special part-time or full-time student and to undertake one or more courses of instruction offered at the community college level. (Education Code 48800)

Within the enrollment limits and exceptions allowed by law, the principal may recommend a student for community college summer session if that student demonstrates adequate preparation in the discipline to be studied and exhausts all opportunities to enroll in an equivalent course, if any, at his/her school of attendance. (Education Code 48800)

(cf. 6162.52 - High School Exit Examination)

(cf. 4112.22 - Staff Teaching Students of Limited English Proficiency)

The Superintendent or designee shall maintain procedures which provide for the identification, assessment and placement of English language learners and for their redesignation based on criteria adopted by the Board and specified in administrative regulations.

The Superintendent or designee shall annually report these findings to the Board and shall also provide the Board with regular reports from any district or schoolwide English learner advisory committees.

(cf. 6190 - Evaluation of the Instructional Program)

(Education Code 305; 5 CCR 11301)

An English language learner has acquired a "reasonable level of English proficiency" when he/she has achieved the following:

- Overall score of Early Advanced or higher on CELDT, or
- Score "Proficient" in ELA on STAR test (grade 2 or up), or
- Parent waiver

(cf. 6011 - Academic Standards)

(cf. 6162.5 - Student Assessment)

Upon the request of his/her parent/guardian, a student shall be placed in an English language mainstream classroom. (5 CCR 11301)

Parental Exception Waivers

Parent/guardian requests for waivers from Education Code 305 regarding placement in a sheltered English immersion program shall be granted in accordance with law and administrative regulation.

If the Superintendent or designee denies the waiver request, he/she shall provide a written justification to the parent/guardian describing the reasons for the denial. A parent/guardian may appeal the Superintendent's decision in writing to the Board. The Board may consider the matter at its next regular Board meeting. Identification and Assessment

Upon enrollment, each student's primary language shall be determined through use of a home language survey. (5 CCR 11307)

Within 30 calendar days of their initial enrollment, students who are identified as having a primary language other than English, as determined by the home language survey, and for whom there is no record of results from an English language development test shall be assessed using the California English Language Development Test (CELDT). (5 CCR 11511)

All students shall have sufficient time to complete the CELDT as provided in the directions for test administration. (5 CCR 11516)

Any student with a disability shall take the CELDT with those accommodations for testing that the student has regularly used during instruction and classroom assessment as delineated in the student's individualized education program (IEP) or Section 504 plan that are appropriate and necessary to address the student's individual needs. (5 CCR 11516.5)

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

The district shall notify parents/guardians of their child's results on the CELDT within 30 calendar days. (5 CCR 11511.5)

(cf. 5145.6 - Parental Notifications)

Within 90 days of initial enrollment, students identified as having limited English proficiency shall be further assessed for primary language proficiency in comprehension, speaking, reading and writing. The Superintendent or designee shall develop criteria for determining student needs on the basis of these assessments. (former Education Code 52164.1, 62002)

Before students are enrolled in a program for English language learners, parents/guardians shall receive information about the program and their opportunities for parental involvement. This information shall include the fact that an individual student's participation in the program is voluntary on the part of the parent/guardian. (Education Code 52173)

Not later than 30 calendar days after the beginning of the school year, each parent/guardian of a student participating in, or identified for participation in, a language instruction program supported by federal Title III funds shall receive notification of the assessment of his/her child's English proficiency. 3. A description of the program for English language development instruction, including a description of all of the following:
 - a. The manner in which the program will meet the educational strengths and needs of the student
 - b. The manner in which the program will help the student develop his/her English proficiency and meet age-appropriate academic standards
 - c. The specific exit requirements for the program, the expected rate of transition from the program into classrooms not tailored for English language learner students, and the expected rate of graduation from secondary school if Title I funds are used for students in secondary schools
 - d. Where the student has been identified for special education, the manner in which the program meets the requirements of the student's IEP

EDUCATION FOR ENGLISH LANGUAGE LEARNERS (continued)

4. Information regarding a parent/guardian's option to decline to allow the student to become enrolled in the program or to choose to allow the student to become enrolled in an alternative program
5. Information designed to assist a parent/guardian in selecting among available programs, if more than one program is offered

Parent/guardians also shall be notified of the results of any reassessments. (Education Code 52164.3)

Parental Exception Waivers

At the beginning of each school year, parents/guardians shall be informed of the placement of their children in a structured English immersion program and shall be notified of an opportunity to apply for a parental exception waiver. (Education Code 310; 5 CCR 11309)

A parent/guardian may request that the district waive the requirements of Education Code 305, pertaining to the placement of a student in a structured English immersion program if the one of the following circumstances exists:

1. Students who already know English: The student already possesses good English language skills, as measured by standardized tests of English vocabulary comprehension, reading and writing, in which the student scores at or above the state average for his/her grade level or at or above the fifth-grade average, whichever is lower. (Education Code 311(a))
2. Older students: The student is age 10 years or older, and it is the informed belief of the school principal and educational staff that an alternate course of study would be better suited to the student's rapid acquisition of basic English skills. (Education Code 311(b))
3. Students with special needs: The student already has been placed, for a period of not less than 30 calendar days during that school year, in an English language classroom and it is subsequently the informed belief of the school principal and educational staff that the student has special physical, emotional, psychological or educational needs and that an alternate course of educational study would be better suited to the student's overall educational development. (Education Code 311(c))

The parent/guardian shall personally visit the school to apply for the waiver. (Education Code 310)

EDUCATION FOR ENGLISH LANGUAGE LEARNERS (continued)

Upon request for a waiver, the Superintendent or designee shall provide to the parents/guardians: (Education Code 310, 311; 5 CCR 11309)

1. A full written description, and a spoken description upon request, of the intent and content of the structured English immersion program, any alternative courses of study and all educational opportunities offered by the district and available to the student, and the educational materials to be used in the different educational program choices
2. For a request for waiver pursuant to Education Code 311(c) for students with special needs, notification that the student must be placed for a period of not less than 30 calendar days in an English language classroom and that the Superintendent must approve the waiver pursuant to Governing Board guidelines

Pursuant to Education Code 311(b) and 311(c), the principal and educational staff may recommend a waiver to a parent/guardian for a student 10 years or older and a student with special needs. Parents/guardians shall be informed in writing of any recommendation for an alternative program made by the principal and staff and shall be given notice of their right to refuse to accept the recommendation. The notice shall include a full description of the recommended alternative program and the educational materials to be used for the alternative program as well as a description of all other programs available to the student. If the parent/guardian elects to request the alternative program recommended by the principal and educational staff, the parent/guardian shall comply with district procedures and requirements otherwise applicable to a parental exception waiver, including Education Code 310. (5 CCR 11309)

When evaluating waiver requests pursuant to Education Code 311(a) for students who already know English and other waiver requests for those students for whom standardized assessment data are not available, other equivalent assessment measures may be used. These equivalent measures may include local assessments, local standards and teacher evaluations.

Parental exception waivers pursuant to Education Code 311(b) for students 10 years or older shall be granted if it is the informed belief of the principal and educational staff that an alternate course of educational study would be better suited to the student's rapid acquisition of basic English language skills. (Education Code 311)

Parental exception waivers pursuant to Education Code 311(c) for students with special needs shall be granted if it is the informed belief of the principal and educational staff that, due to the student's special physical, emotional, psychological or educational needs, an alternate course of educational study would be better suited to the student's overall educational development. (Education Code 311)

EDUCATION FOR ENGLISH LANGUAGE LEARNERS (continued)

The principal shall consider all waiver requests made pursuant to Education Code 311(c) for students with special needs and shall submit a rationale of the decision regarding the waiver to the Superintendent or designee. When determining whether or not to recommend the approval of the waiver request, the principal shall assume that the facts justifying the request attested by the parent/guardian are a true representation of the child's condition.

Each waiver shall be considered on its individual merits with great deference given to parental preference for student placement.

The principal or designee shall act upon all parental exception waivers within 20 instructional days of submission to the principal. However, parental waiver requests pursuant to Education Code 311(c) for students with special needs shall not be acted upon during the 30-day placement in an English language classroom. These waivers shall be acted upon no later than 10 calendar days after the expiration of that 30-day English language classroom placement or within 20 instructional days of submission of the waiver to the principal, whichever is later. (5 CCR 11309)

All parental exception waivers shall be granted unless the principal and educational staff have determined that an alternative program offered at the school would not be better suited for the overall educational development of the student. (5 CCR 11309)

Individual schools in which 20 students or more of a given grade level receive a waiver shall be required to offer such a class; otherwise they must allow the students to transfer to a public school in which such a class is offered. (Education Code 310)

Students wishing to transfer shall be subject to the district's intradistrict and interdistrict attendance policies and administrative regulations. Students wishing to transfer to another district shall also be subject to the receiving district's interdistrict attendance policies and administrative regulations.

(cf. 5116.1 - Intradistrict Open Enrollment)
(cf. 5117 - Interdistrict Attendance)

In cases where a parental exception waiver pursuant to Education Code 311(b) or (c) is denied, the parent/guardian shall be informed in writing of the reason(s) for the denial and advised that he/she may appeal the decision to the Board if the Board authorizes such an appeal, or to the court. (5 CCR 11309)

Waiver requests shall be renewed annually by the parent/guardian. (Education Code 310)

EDUCATION FOR ENGLISH LANGUAGE LEARNERS (continued)

Reclassification/Redesignation

The district shall continue to provide additional and appropriate educational services to English language learners for the purposes of overcoming language barriers until the English language learners have: (5 CCR 11302)

1. Demonstrated English language proficiency comparable to that of the district's average native English language speakers
2. Recouped any academic deficits which may have been incurred in other areas of the core curriculum as a result of language barriers

English language learners shall be redesignated as fluent English proficient when they are able to comprehend, speak, read and write English well enough to receive instruction in the regular program and make academic progress at a level substantially equivalent to that of students of the same age or grade whose primary language is English and who are in the regular course of study. (Education Code 52164.6)

The following measures shall be used to determine whether an English language learner shall be reclassified as fluent English proficient: (5 CCR 11303)

1. Assessment of English language proficiency utilizing the CELDT as the primary criterion, and objective assessment of the student's English reading and writing skills
2. Participation of the student's classroom teacher and any other certificated staff with direct responsibility for teaching or placement decisions
3. Parent/guardian opinion and consultation during a redesignation interview

Parents/guardians shall receive notice and a description of the redesignation process, including notice of their right to participate in the process. Parent/guardian participation in the process shall be encouraged.

4. Comparison of performance in basic skills, including performance on the English-Language Arts section of the California Standards Test
5. Objective data on the student's academic performance in English

The Superintendent or designee shall provide subsequent monitoring and support for redesignated students, including but not limited to monitoring the performance of redesignated students in the core curriculum in comparison with their native-English speaking peers, monitoring the rate of redesignation, and ensuring correct classification and placement.

EDUCATION FOR ENGLISH LANGUAGE LEARNERS (continued)

The Superintendent or designee shall develop a process to monitor the effectiveness of the district's program for English language learners. The district's program shall be modified as needed to help ensure language and academic success for each English language learner.

Advisory Committees

At the district level when there are more than 50 English language learners in the district and at each school with more than 20 English language learners, parent/guardian advisory committees shall be maintained to serve the advisory functions specified in law. (5 CCR 11308)

Parents/guardians of English language learners shall constitute committee membership in at least the same percentage as their children represent of the total number of students in the school. (Education Code 52176)

The district's English language advisory committee shall advise the Board on at least the following tasks: (5 CCR 11308)

1. The development of a district master plan of education programs and services for English learners, taking into consideration the school site plans for English learners
2. The districtwide needs assessment on a school-by-school basis
3. Establishment of a district program, goals and objectives for programs and services for English learners
4. Development of a plan to ensure compliance with applicable teacher or aide requirements
5. Administration of the annual language census
6. Review of and comment on the district's reclassification procedures
7. Review of and comments on the written notification required to be sent to parents/guardians pursuant to 5 CCR 11300-11316

(cf. 0420 - School Plans/Site Councils)

(cf. 1220 - Citizen Advisory Committees)

(cf. 5020 - Parent Rights and Responsibilities)

EDUCATION FOR ENGLISH LANGUAGE LEARNERS (continued)

In order to assist advisory members in carrying out their responsibilities, the Superintendent or designee shall ensure that committee members receive appropriate training and materials. This training shall be planned in full consultation with the members. (5 CCR 11308)

SUMMER SCHOOL

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009) and ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), Education Code 42605 grants district flexibility in "Tier 3" categorical programs. The Trona Joint Unified School District has accepted this flexibility and thus is deemed in compliance with the statutory or regulatory program and funding requirements for these programs for the 2008-2009 through 2012-2013 fiscal years. As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

Cautionary Notice 2010-13: AB 1610 (Ch. 724, Statutes of 2010) amended Education Code 37252.2 to relieve districts from the obligation, until July 1, 2013, to perform any activities that are deemed to be reimbursable state mandates under that section. As a result, certain provisions of the following policy or administrative regulation that reflect those requirements may be suspended.

The Governing Board recognizes that summer school provides valuable opportunities for students to improve their skills and make academic progress. When the need is demonstrated and funds are available, the Superintendent or designee, with Board approval, shall establish summer school for purposes of remediation, enrichment, and/or acceleration.

The district shall offer summer instructional programs for graduating high school seniors who need courses for graduation before the beginning of the next school year. (Education Code 41976.5)

(cf. 6146.1 - High School Graduation Requirements)

The Board may enter into a contract with the county-operated ROC/P to provide district teachers, student support services, facilities, or other services to students enrolled in the ROC/P.

Student Eligibility and Participation

To enroll in the ROC/P on a part-time or full-time basis, a district high school or adult student must have his/her admittance approved by the ROC/P based on a determination that he/she will benefit from the program. HOME AND HOSPITAL INSTRUCTION

A student with a temporary disability which makes school attendance impossible or inadvisable shall receive individual instruction in the student's home or in a hospital or other residential health facility, excluding state hospitals. This instruction applies to students incurring a physical, mental or emotional disability after which they can reasonably be expected to return to regular day classes or an alternative education program without special intervention. It does not apply to students identified as individuals with exceptional needs pursuant to Education Code 56026. (Education Code 48206.3)

(cf. 6158 - Independent Study)

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

Home or hospital instruction shall be provided only by teachers with valid California teaching credentials who consent to the assignment. (Education Code 44865)

(cf. 4112.2 - Certification)

(cf. 4113 - Assignment)

The district shall offer at least one hour of instruction for every day of instruction offered by the district in the regular education program. No student shall be credited with more than five days of attendance per calendar week or credited with more than the total number of calendar days that regular classes are offered by the district in any fiscal year. (Education Code 48200, 48206.3)

Insofar as possible, the teacher providing home or hospital instruction shall consult with the student's current classroom teacher(s) so as to provide a continuity of instruction that enables the student to stay abreast with the regular school program.

The Superintendent or designee may require verification through any reasonable means that the student requires home instruction. In addition, this verification shall also state that the disabling condition will not expose the teacher to a contagious disease that can be transmitted through casual contact. Home or hospital instruction shall not be denied to students with Hepatitis B, herpes or HIV/AIDS, as long as the home or hospital practices current preventive protocol as determined by the U.S. Centers for Disease Control.

(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)

Nondistrict Students

A student of another district who is temporarily disabled and confined to a hospital or health facility within this district shall be eligible to receive individual instruction in this district. (Education Code 48207)

HOME AND HOSPITAL INSTRUCTION (continued)

In such circumstances, it is the responsibility of the parent/guardian to notify the district of the student's presence in a qualifying hospital. (Education Code 48208)

Upon receiving such notification, the Superintendent or designee shall: (Education Code 48208)

1. Within five working days of the notification, determine whether the student is able to receive individualized instruction and, if so, when it shall begin. Instruction shall begin no later than five working days after the Superintendent or designee has determined that the student is able to receive individualized instruction.
2. Within five working days of the beginning of the individualized instruction, the Superintendent or designee shall provide written notification to the district in which the student was previously enrolled stating that the student shall not be counted by that district for purposes of computing average daily attendance, effective the date on which individualized instruction began.

Alternatively, the Superintendent or designee may enter into an agreement with the district in which the student was previously enrolled to have that district provide the individualized instruction. (Education Code 48208)

Parental Notifications

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians that: (Education Code 48208, 48980)

1. Individual instruction is available for temporarily disabled students as prescribed by Education Code 48206.3.
2. If a student becomes temporarily disabled, it is the parent/guardian's responsibility to notify the receiving district of the student's presence in a qualifying hospital.

COMMUNITY DAY SCHOOL

Cautionary Notice: As added and amended by SBX3 4 (Ch. 12, Third Extraordinary Session, Statutes of 2009) and ABX4 2 (Ch. 2, Fourth Extraordinary Session, Statutes of 2009), Education Code 42605 grants district flexibility in "Tier 3" categorical programs. The Trona Joint Unified School District has accepted this flexibility and thus is deemed in compliance with the statutory or regulatory program and funding requirements for these programs for the 2008-2009 through 2012-2013 fiscal years. As a result, the district may temporarily suspend certain provisions of the following policy or regulation that reflect these requirements. For further information, please contact the Superintendent or designee.

The Governing Board recognizes the need to provide an appropriate alternative educational program for expelled students who are prohibited from attending regular schools in the district and for certain students referred by probation or district processes. The district shall operate one or more community day schools designed to meet the needs of these students. The Superintendent or designee shall ensure that any such school is operated in accordance with legal requirements related to enrollment, instructional time and facilities.

The Board perceives the community day school as a flexible component of a comprehensive effort to meet the needs of expelled and other at-risk students throughout the county. The Superintendent or designee shall solicit input from the County Superintendent of Schools and neighboring districts when designing the district community day school and shall collaborate with them in fulfilling countywide needs.

In order to foster positive attitudes and academic progress, the Board recognizes that community day schools must give students substantial individual help with their problems. Community day school staff shall collaborate with district counselors, psychologists, and other support staff and with the county office of education, law enforcement, probation, and human services agency staff who work with at-risk youth. To the extent possible, community day school programs shall provide a low student-teacher ratio as well as individualized instruction and assessment.

(cf. 1020 - Youth Services)
(cf. 5149 - At-Risk Students)
(cf. 6164.2 - Guidance/Counseling Services)

The Superintendent or designee shall establish procedures for the involuntary transfer of students to a community day school in accordance with law and administrative regulation.

Following a DART meeting, a recommendation will be made to the district Superintendent. The Superintendent will notify parent/student of the DART decision by letter, which will include probationary terms and conditions. DART referred students who violate district/school rules shall be referred back to previous school or to the district Board of Trustees for disciplinary action.

Special Education and 504 students shall not be referred to DART for involuntary transfer to CDS.

EVALUATION OF THE INSTRUCTIONAL PROGRAM

The Governing Board recognizes that it is accountable to students, parents/guardians, and the community for the effectiveness of the district's educational program in meeting district goals for student learning. The Superintendent or designee shall conduct a continual evaluation of the curriculum and the instructional program in order to improve student achievement.

(cf. 0200 - Goals for the School District)

(cf. 0500 - Accountability)

(cf. 6000 - Concepts and Roles)

The Superintendent or designee shall provide the Board and the community with regular reports on student progress toward Board-established standards of expected achievement at each grade level in each area of study. In addition, he/she shall evaluate and report data for each district school and for every numerically significant subgroup of the student population, including, but not limited to, school and subgroup performance on statewide achievement indicators.

Evaluation of Consolidated Categorical Programs

The Superintendent or designee and the Board shall annually determine whether the district's categorical programs funded through the state's consolidated application are supportive of the core curriculum and are effective in meeting the needs of the students they are intended to serve. As a basis for this evaluation, the Superintendent or designee shall recommend for Board approval the specific, measurable criteria that shall be used at each school and at the district level. These criteria shall include, but not necessarily be limited to, progress toward goals contained in the school's single plan for student achievement and progress of the total student population and each numerically significant subgroup toward growth targets on the statewide Academic Performance Index.

(cf. 0420 - School Plans/Site Councils)

Western Association of Schools and Colleges (WASC) Accreditation

The Board believes that accreditation by the Western Association of Schools and Colleges (WASC) can foster excellence and ongoing academic improvement in the district's schools. The results of the accreditation process also may demonstrate to parents/guardians and the community that the schools are meeting their goals and objectives and the WASC criteria for school effectiveness through a viable instructional program.

The Superintendent or designee shall undertake procedures whereby district schools may achieve and maintain full WASC accreditation status. The schools shall conduct a self-study in accordance with WASC requirements, cooperate with the WASC committee during a site visit, and develop and review action plans to increase the effectiveness of the instructional program for students. The Superintendent or designee shall regularly report to the Board on the status of district schools and any WASC recommendations for school improvement.

EVALUATION OF THE INSTRUCTIONAL PROGRAM (continued)

The results of any inspection of a school by WASC, or any other the accrediting agency, shall be published not later than 60 days after the results are made available to the school. Publication shall be by notifying each parent/guardian in writing and/or by posting the information on the district's or school's web site, as determined by the Superintendent or designee. (Education Code 35178.4)
